Fifty-fifth Year

Canyon, Texas,

Thursday April 6, 1950

Number 5

## Mayor Warren Extends Thanks To the Citizens

MAYOR W. A. WARREN

In retiring as Mayor of Canyon, following the election of Tuesday, W. A. Warren issued the following statement yesterday as to the work of the City Commission during his term of office:

I want to say thank you for the privilege of being your Mayor for the past eight years. Perhaps no Mayor has served during as good a period of time for growth and accomplishments. The policy of the City Commission has been to make the community the best in West Texas. Many improvements have been made. Approximately \$60,000.00 has been spent for cash improvements such as two wells and pumps with lines, water and sewerage lines, street improvement, lights and trucks, sweeper, police cars, street maintainer and many small items. Canyon is in the best financial condition of any town its size in this part of Texas, according to the best of Bonding House advice.

For that which has been done for the benefit of the town I feel obligated to the men who have served with me as Commissioners and all other city employees, and you for supporting the program sponsored by the city. There has been mistakes made, many alibis could be given, but the best was done that could be done at the time, under the working condition.

I wish it were possible for me to tell each of you the many problems that a commission has and the condition under which they may solve the problems.

Space does not permit me to give the details and the experiences I have had, but, I feel deeply obligated to you for these experiences. I leave the office with a warm feeling toward my assistants and a clear conscience that all problems have been handled on the basis of service to the majority concerned and for the future growth of our city.

May I again say thank you for your support and cooperation in being your mayor the past eight years.

## Former Baptist Pastor To Hold Revival Meeting

The revival at First Baptist Church in Canyon will begin Sunday, April 9th, according to announcement of Pastor Roy L. Johnson.

Preacher for the 15-day meeting will be Rev. Lyn Claybrook of Kentucky, former pastor of the local church from 1923 to 1928. Rev. Claybrook led the church in beginning the present house of worship on Fourth Avenue at 17th Street, but left Canyon before any of the inside was completed. The building had been occupied by the congregation, and a paralyzing debt, coupled with the depression of the thirties, prevented completion of it until after the coming of Roy L. Johnson to the pastorate in 1940, since which time the attendance has practically doubled at the services.

Night services at the revival will begin with praise and testimony services at 7:30, and the visiting pastor will preach soon after 8:00 o'clock each evening. No morning services are being planned, but an afternoon meeting of personal workers will meet for prayer and planned visitation at 2:30 daily. The attendance of friends of all denominations is invited.

## BREAKS ARM VAULTING

Lynn Williams son of Mr. and Mrs. Floyd Brasher broke his left arm while vaulting at W. T. Monday. At this writing he was resting well.

Ideal Easter plants at a money saving value. Flower Mart.

## Red Cross Gets \$1599 in Drive Over Randall Co.

At noon Tuesday \$1600.00 had been collected in Red Cross Membership drive being conducted by County Chairman, Milton Morris, assistant chairmen, Mrs. E. O. Elkins, and Marion Higdon, and 54 appointed workers in the county.

All money paid into the Red Cross during this drive is divided between the National and the Local chapters. The first \$850.00 is sent to National Headquarters. All above that amount is divided, half being sent to the National and half kept here for local emergencies.

Of the 54 workers in the county 46 had made their reports Tuesday at noon. With eight more workers to be heard from and a goodly number of persons having said that they would pay their membership in town, it is hoped that there will be a substantial rise in the total.

This drive for membership, fee being whatever one chooses to give, will come to a final close Saturday night, April 8. All those who have not been solicited by a worker or who have planned to pay in town should make this payment at the City Hall by noon Saturday.

All workers and leaders are quite appreciative of the reception they have been given and the fine cooperation and response made to this call.

## No Changes To Be Made Voting Boundaries 5-6

The Commissioners Court of Randall County was unable to make changes in the voting precinct boundaries in precincts Nos. 5 and 6 according to a request made last week. This change was deemed impossible in view of the fact that poll tax receipts had been issued for the present boundaries.

At a recent meeting of the court, the election place for precinct No. 5 was set for the Donald Ladenhoff farm, with voting being done in the large barn which has been erected on the place.

The Park school house is in such bad state of repair that it is impossible to hold the election at this place. The Ladenhoff farm is near the center of the voting precinct.

The election in No. 6 will be held at the Hollywood Service Station. The school house at the old Costley location has been removed. It was proposed that precinct No. 6 be extended to the Santa Fe railroad in order that more voters might be accommodated, but this was impossible due to the present poll tax receipts.

## Weather Ranges From 86 Down to 26 Monday Nite

Wow! What weather!

Monday afternoon the temperature ranged from 86 degrees during the afternoon, down to 26 degrees above zero Tuesday night!

The hot southwest wind blew during the day until late in the afternoon when it changed to the north, bringing in a cloud of dust. The wind continued from the north until Tuesday when the temperature moderated to some extent.

No moisture accompanied the blast of dust. It is not believed that damage has resulted from the dust of the past week, but the wheat has not been benefitted by the continued dry weather.

## Cornette Asks For Jobs to Take Care of New Students

President James P. Cornette announced Tuesday at the Rotary Club luncheon that from all indications there will be a larger demand for jobs for students starting this fall than the college can possibly take care of. More high school students must have part time work than at any time since the war started.

Tom Langston, secretary to Dr. Cornette, is in charge of the work of finding jobs, and hopes that all citizens of Canyon who will need students help this fall will get in touch with him at the President's office.

Mr. and Mrs. Ray Campbell have been visiting in the home of their parents Mr. and Mrs. Peter Campbell and Mr. and Mrs. E. A. Berry before departing for Cheyenne, Wyoming, where he will be employed with Gravity Meter Excavation Company of Houston, Texas.

Build, Buy, Live in Canyon!

## Election Called May 6th Name Congressman

Voters of the 18th Congressional District will elect a Congressman on May 6th in a special election which was called Friday by Governor Allan Shivers.

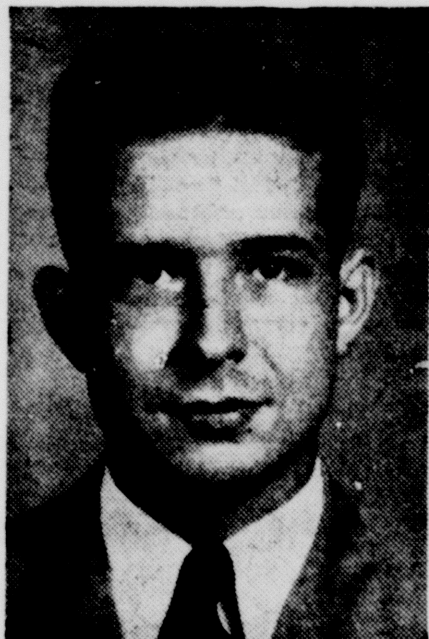

Six candidates announced several weeks ago for the post when it was known that Congressman Eugene Worley would retire to accept a federal judgeship for life. Three or more candidates will likely be in the race before the end of this week.

Practically all of the candidates have announced that they will be candidates in the July primary of the Democratic primary. As the situation stands, the Congressman who is selected on May 6th for the unexpired term of Worley, until January 1, 1951, may not be elected in July. This is brought about by the fact that the person elected on May 6 will be by a majority of those who go to the polls. When the primary is held in July, if no candidate gets a majority of the votes cast, he must go into the second primary in August.

Republicans are considering putting a candidate into the field against the large number of Democrats who have announced. This could lead to the election of a Republican for the short period, but such a candidate would have to face a Democratic opponent in November in order to be assured of election.

Intense campaigning is expected on the part of all candidates between now and May 6.

## Morris G. Cobb of Amarillo In Race Representative

MORRIS G. COBB

The News is authorized to announce the candidacy of Morris G. Cobb of Amarillo in the race for State Representative, 123rd District. He is the first candidate to enter this race from the district composed of Randall, Deaf Smith, Armstrong, Carson, Oldham and Potter counties. J. Blake Timmons is vacating this post in his race for Congress.

Cobb is a member of the State Bar of Texas, Amarillo Bar Association and American Bar Association. He is associated with the Amarillo law firm of Singleton, Trulove and Edwards. During World War II he served in the Navy and now holds a commission in the Naval Reserve, and is a member of the American Legion.

After graduating from the Amarillo High School, Mr. Cobb took his college training at Amarillo College, Stanford University and Baylor University. He holds degrees of Bachelor of Business Administration and Bachelor of Laws. While in law school, Cobb served on the editorial staff of the Baylor Law Review.

For many years he has been a member of the First Baptist Church of Amarillo, and is an active civic worker, belonging to the Exchange Club and Amarillo Safety Council.

## Car Plates Will Number Nearly Same as in 1949

Randall county sold 4191 license plates for automobiles this year, which is practically the same number of plates as sold last year.

Plates sold in Canyon numbered 1866, while R. M. Allred sold 2225 plates at the county office in South Amarillo.

The money taken in on plates has not been figured.

## PREACHED IN AMARILLO

Dr. James P. Cornette delivered the messages at the preaching hours in the First Baptist Church, Amarillo, Sunday morning and evening, April 2.

## Test New Fire Truck Made at Buffalo Lake

The new fire truck was taken to Amarillo Thursday for a test run at a lake near that city. However, moss was so bad in the lake that the engine soon became fouled up and the test was discontinued.

The engine from Canyon, together with new fire engines from other Panhandle towns, will be taken to Buffalo Lake Thursday or Friday for a test. The water is clear at the lake so that all engines may be tested without interference of moss or vegetation growth in the water.

## Premiums Are Offered by the News on Subs

Announcement is made in this issue of The News that six groups of premiums are being offered to boys and girls of this area who will turn in subscriptions to The Canyon News.

This is the first time that premiums of any kind have ever been offered for newspaper subscriptions by this paper. While the subscription list of The News is the largest in the history of the paper, we want to have the paper placed in every home of Randall county.

Boys and girls should look over the list of valuable premiums and then come to The News office and see the premiums which are offered. It costs nothing to try for these premiums.

## Displaced Group To Arrive Here In Near Future

On March 17 the Church World Service sent the following communication to Dr. James P. Cornette at West Texas State:

"Peagle, Alma  
Dzintars

"We are pleased to inform you that the above named displaced persons have moved to the port in Europe from which they will be sailing shortly. . . . We appreciate your interest in the Displaced Persons Program and realize that in many cases there have been unavoidable delays. However we are confident of arrival in the United States within a few weeks."

On April 3, Dr. Cornette received a telegram announcing that the Peagle family is arriving in New Orleans on the "General Langfitt" to dock at six o'clock a. m., April 6.

Dr. Ples Harper has consented to meet and bring them to Canyon. They are a father, a mother and a thirteen year old son from Latvia. Mr. Peagle has been a schoolmaster over a private school and he and his wife speak English. He expresses himself as being delighted to live in a college town.

The Council of Church Women is sponsoring a shower of provisions to be in their home when they arrive. Anyone who likes may send a contribution to Mrs. Bryan McDonald, Mrs. Richard Gidden or Miss M. Moss Richardson.

## Stork Specials

A son was born to Mr. and Mrs. Aaron Cumming in Nebbett Hospital on March 29.

Mr. and Mrs. Loyd Bonds are the parents of a daughter, born March 31 in Nebbett Hospital.

On April 2 a son was born to Mr. and Mrs. R. McDonald in Nebbett Hospital.

A son was born to Mr. and Mrs. Claude Fuller on April 2 in Nebbett Hospital.

Mr. and Mrs. Ross Russell are the parents of a son, born in Nebbett Hospital on April 3.

A son was born on April 4 to Mr. and Mrs. James Holston in Nebbett Hospital.

A daughter was born to Mr. and Mrs. Homer L. Halle in Nebbett Hospital on April 5.

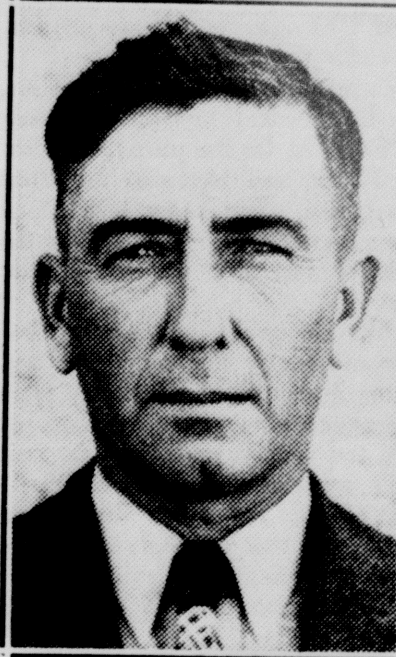

Dr. and Mrs. Ples Harper arrived home on March 28 with their 6 weeks old adopted son, John Pease Harper.

Dinner guests in the home of Mr. and Mrs. E. A. Berry Monday were their children: Mr. and Mrs. Alton Berry and children of Farwell; James Berry of Clovis, New Mexico; Mrs. Doris Doss, Jean Pettigrew and children and Mrs. Vernell Campbell all of Canyon.

Mr. and Mrs. W. C. Myers and children of Lubbock spent the week end in the home of his mother, Mrs. W. S. Myers. On Sunday Mr. and Mrs. Bob Combee and daughters of Amarillo joined the group.

Mrs. W. S. Myers visited with relatives in Lubbock last week.

# City Officials Named Tuesday

ANDY WALSH  
Mayor

O. W. PARKER  
Commissioner

HERSCHEL COFFEE  
Commissioner

## Sunrise Easter Services Sunday Palo Duro Park

Easter Sunrise Services will be held in Palo Duro Canyon State Park at 6:23 a. m., Sunrise time, April 9.

The services will be conducted by the San Jacinto Baptist Church and its organizations with Rev. Leon Hill preaching the sermon.

Rev. Hill, one of the Southwest's best known speakers, originated the Sunrise Easter Service at Elizabethton, Tennessee. He hopes to see the Palo Duro Easter Sunrise Service grow into something like the beautiful services held at Grand Canyon and Bryce Canyon, at the Garden of the Gods and at Elizabethton.

The public is invited. The only charge to be made is the usual park admission fee. Breakfast will be available at El Coronado Lodge adjacent to the service site beginning at 5 o'clock Easter morning.

## Formal Opening Stevens Flowers Well Attended

More than 500 adults signed the guests book at the formal opening of the Stevens Flowers, the downtown shop of Stevens Floral, on Sunday. Many children also attended.

This attractive shop, located on 16th Street across from Nebbett hospital, will be managed by Miss Shirley Harrison, granddaughter of Mrs. Lessie Stevens.

A color scheme of green and white carried out in the decorations lends itself to the attractive arrangement of flowers of all kinds. The reception and display room is furnished with lovely glass and white metal lawn furniture. A large glass-fronted display refrigerator forms a portion of one inner wall.

In the rear office adequate work space is provided with storage for equipment for all types of floral work.

Guests on Sunday were greeted by Mrs. Stevens, Miss Shirley Harrison, Mr. and Mrs. Pinar Stevens, all of whom are active in the business of Stevens Floral; Mrs. Dorothy Harrison Hazlewood of Lubbock, Mrs. J. O. Dunliven of Miami and Mr. and Mrs. Herd Stevens, all of whom help in times of rush or emergencies.

They all extend to their friends their sincere appreciation for the attendance to the opening and the expressions of good will from all.

## Hospital News

Mrs. H. D. Fowler, medical.  
Mrs. C. B. Womble, surgical.  
L. E. Mashburn, medical.  
Mrs. R. B. Elliott, surgical.  
Mrs. Chas. Rowell, surgical.  
Charles McDaniel, Borger, surgical.

Mrs. Pete Whitlow, Happy, surgical.

Chas. Carthel, Amarillo, medical.  
Mrs. O. F. Thomas, medical.  
Mrs. Buddy Taylor, medical.  
Nadine Lyles, medical.

Mrs. Glenn McKenzie, medical.  
Mrs. Hattie Flores, surgical.

STUDENTS:  
Ray Bearden, surgical.  
Bill Robertson, medical.  
Frances Jones, medical.  
R. C. Dalton, Orth.

David McCauley, medical.

Dr. and Mrs. Edwin Low and children, Jonathan and Martha, have returned to Dallas after having visited his sisters, Mrs. Ardis Stamper and Mrs. Frank Morgan. Dr. Low has been appointed by the Southern Baptist Mission Board to serve in Nigeria, West Africa. The family will sail from New Orleans, April 12.

Mr. and Mrs. P. A. Wilson of Zanesville, Ohio, are visiting in the home of their son, W. R. Wilson.

Mr. and Mrs. Redmond Hand spent the week end in Nocona visiting relatives.

## Large Vote Cast in City Election Held on Tuesday

A total of 746 votes were cast Tuesday in the city election of Canyon, with the voters naming Andy Walsh as mayor; O. W. (Bud) Parker and Herschel Coffee as commissioners. Retiring Mayor W. A. Warren stated Tuesday that it was planned for the old commission to canvass the votes and install the new commission Thursday night.

The following was the vote for each candidate:

For Mayor:	
Clyde W. Warwick	219
Harold D. Curtis	76
Andy Walsh	447
For Commissioners:	
Bob Collinsworth	30
O. W. Parker	451
Paul E. Lindsey	198
Clark Jarnagin	279
Herschel Coffee	319
R. E. Harrison	61
G. W. Harwood	74

## Three Members School Board Are Re-elected

A total of 101 votes were cast in the Canyon Independent School District on Saturday, all of the votes going to the three incumbents who had been petitioned to accept another term of office.

Those elected were Walter Graham, W. R. Crow and Mrs. E. D. Harrell. They will serve for a period of three years.

None of the school faculty has been re-elected as the present members of the Board of Trustees deemed it wise to postpone the election of the faculty until after the annual election of trustees. The election of the faculty members will be taken up at the regular meeting of the board this month.

## Classification of Dairy Stock Will Be Held Friday

A dairy classification show will be held in Canyon Friday starting at 10:00 o'clock in the morning. The purpose of the exhibit is to classify all dairy cows and bulls which are exhibited, and to award ribbons in five classes.

The classification is sponsored by the Randall County Dairy Association and is opened to all dairy breeders.

A. M. Meekma of A. & M. College will be here to do the classification. The show will be held west of the city barns.

## Bert Neeley Took Over Friona Star on Last Saturday

Another newspaper change was made in the Panhandle Saturday when Bert Neeley became publisher of the Friona Star. Bert is a Canyon boy, son of Mr. and Mrs. C. F. Neeley, and an ex of West Texas State.

He has had wide newspaper experience since his college days and has been with the Hereford Brand for more than two years.

John White, publisher of the Star for many years, will retire. Jimmie Gillentine was former owner of the paper, and announced that Neeley had secured a complete printing plant for Friona, making the first time that all of the printing could be done in that town.

Mr. and Mrs. Ed Dowd of Compton, Calif., and Mr. and Mrs. Alfred Dowd of Corsicana left Thursday morning for their homes after having spent some time in Canyon with J. C. Dowd who has been quite ill but is greatly improved.

Mr. and Mrs. Harley Stone, Tabor and Mike of Lubbock visited over the weekend in the home of her mother, Mrs. Guy B. Tabor, and attended to business in Amarillo.

## City Limits Are Extended by the City Commission

The city limits of Canyon were extended by an ordinance of the City Commission, which was passed Monday night.

The new territory which was included in the city limits is in the east and southeast part of Canyon where building is expected in the near future.

One of the projects slated for the east part of Canyon will be the 15 unit government housing for low income persons. These houses will be occupied by students who had to move out of the barracks on the campus due to the new gymnasium construction.

The new city ordinance will become effective after publication, as required by law.

## Rattlesnakes in Park Sought by Snake Experts

A crew of "rattle snake specialists" is at work in the Palo Duro State Park to eliminate the pests. While not many rattlers have been killed in the Park area during the past three or four years, it is hoped to rid the area of all rattlers in order that pedestrians, especially children, may be safe in all sections of the Park.

The crew is from San Antonio and has been working in various parts of the state, capturing rattle snakes for both display purposes and to extract the poison for medical purposes.

Citizens of Canyon who would like to work with members of the crew in the Park are invited to call John McCarty at the Park and make arrangements to meet the crew leaders. The crew members are brought here through co-operation of the Canyon Chamber of Commerce and the Texas State Parks Board.

Attendance at the Park continues to grow, with more than 2,000 paid admissions last Sunday and 3,000 during the past week, stated Mr. McCarty Monday.

## Program of Music Was Given Tuesday at Rotary Luncheon

A program of ensemble music was given Tuesday at the weekly luncheon of the Canyon Rotary Club. The program was in charge of Hosea Foster, with Houston Bright directing the numbers.

Numbers were given by the Treble Ensemble, the Varsity Quartet, The Woodwind Quintet and the Brass Quartet.

Mr. Bright stated that ensemble work showed the finest type of co-operation and he hoped that the college would have a greatly increased number of such organizations in the future.

Visitors were: H. C. Hunt of Gainesville, Fla.; G. F. Roberts of Sharon, Tenn.; P. A. Wilson of Zanesville, Ohio; J. H. Brown, E. Kancher, J. E. Langley, all of Amarillo; E. T. Cummings and James Cole of Canyon.

## USO Fund Closed Tuesday With \$60

Milton Morris, county chairman for the USO drive, made a final remittance Tuesday of \$60 which was to apply to the drive for funds in Texas.

According to press reports, USO will spend money on hand in entertainment of men now under arms and then discontinue its function.

## MARRIAGE LICENSE

Weldon Odell Hunt to Beatrice Sadie Green, March 22.  
Jack Donald Ritchey to Wanda Maurine Medlen, March 30.

Garden seeds and yard plants. Most for your money. Flower Mart.

## EDITORIAL COMMENTS

**McCarthy's Charges Are Serious But of a Political Nature**

Either Senator McCarthy is the biggest liar and fraud in our American life today, or he is the greatest hero in Congress. Only time will reveal.

We can understand why the President is refusing to open his loyalty files to the public gaze and to public criticism. While all of us like to know what is going on in Washington, yet our National enemies are likewise alert and need only pieces of this public information with which to frame a most damaging structure against us.

McCarthy has made charge after charge against our public officials. So far he has been unable to substantiate any of these charges.

The greatest mistake that the President made, and one which points to his weakness in handling public affairs, is the red herring declaration. Perhaps he may be justified in this error, made at the time when few Americans were fully aware of the dangers of communistic activities.

The whole situation is too dangerous to be laughed off. It is too political in nature to even be a good joke.

**Census Guess and Census Count Are Different Things in Toto**

The nose count is on throughout the nation. It is very important that each person in Randall county be counted in the census. During the coming 10 years the census of 1950 will be used in many ways. A short count will be of great disadvantage to Canyon and Randall county.

We see by the Amarillo News of Thursday that estimates have been placed on the population of the various Panhandle counties. Randall county was estimated at 12,500, which is an increase of 4,500 over the 1940 census. Amarillo boosters have evidently given up the idea of 100,000 population in that city, as Potter county was listed as 92,000. This reveals the reason for an early demand that the populations of Canyon, Claude and Panhandle be polled with Amarillo for census purposes.

Naturally we have no idea as to what Canyon's population will be, or whether South Amarillo will exceed the count of Canyon, but we have a pretty good idea that Canyon will go above the 5,000 mark, due to the fact that students in West Texas State will be counted as Canyon citizens.

It is very, very necessary that everyone be counted in this census!

**Unjustness of Law Causes Old Folks to Lose Savings**

The lawyers of Texas are to be complimented in starting a fund to repay a 77-year old farmer of Lockhart for the \$2,632.20 judgment which was assessed against him. It seems that a mule was on the road near his home. A tourist came along, and the mule forced the car into the ditch, causing considerable damage to the vehicle and occupants.

The farmer was sued for damages. He could neither read nor write, but by hard labor he and his wife had held their little property together, and never asked the government for one single penny. The farmer did not see the necessity of hiring an expensive lawyer to defend him, and therefore judgment was given the tourist, taking all of the life's savings of the two old people.

In spite of the fact that the old farmer said that the mule did not belong to him, judgment was affirmed by the great Supreme Court of Texas, and his banker was forced to turn over to the court the life savings of the pair.

Lawyers throughout the state are chagrined over any situation which forces the owner of a small home to be penalized because a stray mule caused a wreck adjacent to the home owner's property. Since the lawyers write the laws of the state and make the rules of the court, they are setting about to repay the poor old folks who have been so badly abused by the laws of Texas.

**Stock-Farmer Predicted in December No Rain Before May**

On Christmas Day a well known stock-farmer who lives in Canyon said to the Newsman:

"I am not expecting rain before May 10." That was considerable of a shock to the Newsman. You will recall that we had an abnormal rainfall in 1949, and that the Panhandle had enjoyed a series of excellent crop years.

This was just the reason our friend was predicting no rain until late this year. The Panhandle has been enjoying great prosperity due to this continued rain.

Naturally the continued series of good crops has probably resulted in too much enthusiasm, and too high prices for farm lands. No one likes to be set back on their heels by adverse conditions, but Panhandle folks come up smiling after each of these conditions.

**GOP Quits People, Says Patman**

Congressman Wright Patman of Texas comes out with a Congressional Record speech (free printed and free distribution) advising the people that "The Republican Party Quit the People Long Before the People Quit the Party."

As a matter of record both GOP and Demos are playing politics, both trying to fool the people, and garner votes from any source which will support their purpose.

"The People" wonder where they have been left, and by whom they will be picked up.

The inhabitants of a community may usually be divided into two classes: those who work for it and those who work at it.

Canyon will be as good as the average citizen in its midst. Let's improve ourselves so that we may improve our city.

When you find an individual who knows everything, give him no advice and, above all else, take none from him.

Did you ever take time to realize how good the average person is, and how anxious most of them are to be helpful?

Most town boosters are willing for somebody else to do the expensive part of the boosting.

**People to Blame For Great Increase in State Agencies**

A number of newspaper men have been calling attention to the growth of government at Austin, where it is revealed that about 190 separate and independent boards are operating under the State government.

The Newsman was a member of the House of Representatives when the independent survey was made by an outside agency in 1932 for the purpose of centralizing authority in Austin and trying to introduce order in place of confusion. We know how much that survey cost, as we drew the warrants to pay the bills. We likewise know just how little good that survey did for the state.

In the first place, the survey was made at a time when people were confused by the depression and the dust storms. Those in charge of the survey were known to be bitterly opposed to many branches of government, and were too radical and harsh in their treatment of the state's agencies. This was especially true of their treatment of state colleges. While most Texans were of the opinion that the state could not support 17 educational institutions, the legislature has continued creating more schools, instead of making reductions.

In the second place, the people of Texas are largely to blame because of the failure of this survey. Instead of re-electing members of the legislature, who knew something about the needs of Texas, the people cleaned house. That was the fateful year when the people decided that every office holder should be kicked out and new persons installed in their stead. Yes, indeed, they sure cleaned house, and nothing was done with the voluminous records which were compiled by this survey group.

**We, the People, Must Cut the Demands of All Our Government**

We heard a fellow ranting over the radio the other day about the great silent partner in business and in your every day life. He was referring to Uncle Sam and the taxes which were being taken from every persons life. He painted an appalling picture.

Perhaps his facts were true, and Uncle Sam is taking more from the cash registers of business today than can be taken by the owners of these firms. Perhaps Uncle Sam is wasting a great part of the money which he collects, as was charged.

Yes, no doubt all of this is true: BUT WHO IS TO BLAME?

First thing we are paying for two costly wars, and preparing for a third war. No one doubts the wisdom of World War I or World War II. We have never heard a complaint about getting ready for World War III, if such a war is necessary.

The cost of war takes more than half of the budget. We cannot escape this cost.

In addition to wasting billions in the preparation for war, and spending more billions to aid those who fought in past wars, we, the people, are largely responsible for other increased costs in government—both federal and local.

When the people decide that they will cut their desires down to a point where additional taxes are no longer necessary, we may be able to balance the budget, and start paying off the national debt.

**Wonder What President Would Do About Negro Employment?**

We have been wondering about the operation of the President's Fair Employment Act, if and when it is put into operation.

We note with interest that in many Southern states exclusive Negro employees are being used in many plants as this type of labor has proved to be more economical. Southern Whites and Negroes do not mix well in many kinds of work, so the reports say.

Here is what we want to know: Under such circumstances would the whites be granted the same rights in demanding their share of the jobs in such Negro-manned plants as the proposed law would make it possible for the blacks to come into any business establishment and demand their share of employment?

Would the President approve of such a law, or does he reserve his position for the voting Negroes of the East and North who now enjoy equal employment rights?

**Churchill Favors West Germans**

The world is not taking seriously the recommendation of Winston Churchill that Western Germany be armed and become a partner of England, France and other Western powers. Churchill is fighting for his own political scalp and took this as a vehicle to make friends with part of the Germans, who are known to hate Uncle Sam and the balance of the Allies.

Uncle Sam will hardly get mixed up in any such a deal as proposed by Churchill.

We read that the experts see little chance of war with Russia in the next five years and, for once we hope the experts are right but we wonder what the Russians think about the prediction.

Every day we meet people who can solve the most complex problems without knowing anything about either side of the argument.

Work may be a great boon but there are many individuals who suspect that they have been over-blessed.

Plans are essential in the accomplishment of any program, whether national or individual.

One of the pleasantest pastimes in life is making plans to spend the money you may never get.

Buy your goods from the merchants of Canyon. When you need help, you surely won't get it by mail.

There are some people in Canyon who judge everybody by their own promptness in paying bills.

Balance your life as you would balance your bank account.

An optimist is very often one who does not have the bills to pay.

Life has its disappointments but there is no reason to be one of them.

A good rule for highway travel is to let the other car get there first.

## Thomas Paint and Supply Help Beautify Homes

Some of the homes of this area are recognized for their fine appearance and much of the beautification can be attributed to pride of our residents who keep their homes in spic and span condition. No home is more beautiful than the paint on the exterior or the decorator's art inside. Much credit for the appearance of our beautiful homes must go to Thomas Paint & Supply who are now in their new location at 700 W. 10th where there is unlimited space to accommodate their customers with free parking.

This aggressive Amarillo paint store features a complete line of Pittsburg Paint for all purposes. They also have the dealership for LUMINAL the washable water paint and are jobbers for the Panhandle and Eastern New Mexico for the well known line of EAGLE PITCHER paints and white lead. They have one of the largest stocks of painters supplies including drop cloths, scaffolding, brushes and the best of quality products for painters and interior decorators.

Jack C. Thomas, owner, is one of the leading painting contractors in the district and has contracted the painting work on some of the largest commercial buildings and industries as well as residences. He is known for his up-to-date equipment and using only the very best materials. His craftsmen are thoroughly experienced. Mr. Thomas is always pleased to discuss painting problems with contractors, builders or anyone wishing to contract a painting job. He will gladly furnish free estimates and while he has never made price the means of obtaining a contract, those who have used his services say that his charges are most reasonable when the quality of work and material are taken into consideration. Store buildings are painted over night and out of town work solicited.

Thomas Paint & Supply also have floor sanders to rent and many other items in stock that go along with a first class painting and decorating job.

The success of the paint and supply business as well as the paint contracting department can be attributed to the policy of fair dealing, the very best of merchandise and material, fully experienced workmen and reasonable prices, which recommend this outstanding concern to our many readers.

## Lee Hardware Appeals To Public

Lee Hardware, located at 1812 Washington (in the Esquire Theatre Bldg.) in Amarillo is becoming known all over the Tri-State area as a store of irrefutable appeal. Mr. and Mrs. Lee have confined their talents in stocking this unusual store with the practical household "gadgets" to be found advertised in such national magazines as House Beautiful, House and Garden, American Home and many others.

Heretofore housewives of the Panhandle have had to send mail-order for much of this merchandise. They now find this completely unnecessary as Lee Hardware has this merchandise at the nationally advertised price, thus saving them much trouble, delay and the transportation charges.

In addition, Lee Hardware have a very complete stock of the regular items offered by the usual hardware store, such as yard and garden tools, Sherwin Williams paints, Revere Cooking Ware, Wearever Aluminum Ware, hand tools, small electrical appliances, paper ware, Casco stools and tables, bathroom towel racks and "forty seven" other items.

For a genuine shopping treat we can heartily recommend Lee Hardware and Home Supply at 1812 Washington, there's always plenty of parking and you will indeed find the unusual, the most fair prices and Mr. and Mrs. Lee genuinely appreciate your patronage. We congratulate this modern and aggressive store on their wide and unusual selection of merchandise and compliment them on their splendid business policies.

Peiping charges bombings are part of coordinated U. S. plan.

## THE AMERICAN WAY

And Not Even Deodorized!

## Chas. Newman Baking Co. Tops With Holsum

Baked in an immaculate modern baking establishment HOLSUM BREAD goes to family tables deliciously fresh and tasty every day in the Panhandle. Baked in the most modern ovens of the Chas. Newman Baking Co. in Amarillo the famous product has made a name for itself among the homemakers. The bakers of this delicious bread serve this territory's grocers each day with this high quality product which has met the test of purity and goodness with all users. Bread as we all know, is still the staff of life, the most important single item of food in the daily diet. Being so, it is the responsibility of the modern housewife to safeguard the health of the family with the best bread it is possible to obtain and if the selection is HOLSUM there is no possibility of disappointment.

The entire family enjoys HOLSUM BREAD and housewives choose it because of the uniform quality, excellent taste and texture which each loaf contains. Certainly such a wholesome and delicious bread is a health stabilizer of the first rank. The slogan of the Chas. Newman Baking Co. of Amarillo speaks for itself—"HOLSUM KEEPS FRESH."

U.S. strategy of atomic retaliation against Russia in event of war is coming under much inside criticism within the armed services. Opponents of present strategy argue that bomb attack will: (1) unite Russian people, now divided; (2) open European cities to complete devastation by Russian bombers; (3) provide U.S. with little net gain because the United States is more vulnerable than Russia to atomic attack.

Confidential reports on which Senator Joseph McCarthy has based his charges that Communists operate in the State Department were drawn from files shown by the State Department to an Appropriations subcommittee at least two years ago. Officials now say that they made a mistake to give the members of Congress a chance to peek into those files. During the process some documents apparently were removed or photostated.

Robert Denham, General Counsel of the National Labor Relations Board, is due to face a move by the White House to remove him from office if a present attempt to reorganize him out of his job does not succeed. Mr. Denham is not in the good graces of labor leaders, some of whom are asking for his scalp.

The more liberty you give away the more you will have.—R. G. Ingersoll.

## Rose Hill Nursery Feature Acclimated Trees and Shrubs

Landscaping design and development for all types of structures as well as residences, Rose Hill Nursery, 3505 Canyon Road have gained a just reputation for excellence in this area.

Few businesses are more highly specialized than landscaping and the nursery business. Through training and experience the characteristics of hundreds of plants must be known also the care of countless varieties of both annuals and perennials is knowledge that is necessary. J. E. Bowman owner of this popular nursery has conducted extensive studies of soil conditions essential to this region for the growing of all ornamental and fruiting shrubs and trees and who is well qualified to advise in these matters.

Combining their service into a complete one for this area Rose Hill Nursery has a wide selection of fruit trees, ornamental shrubs, roses, and garden supplies and fertilizers.

When planning a small or large project our readers will do well to consult this highly rated concern because all of their plants, shrubs and trees were grown locally and are, therefore, adapted to the climate and soil conditions of the Panhandle which gives them a definite advantage over nursery stock shipped in from the East and South and are not adapted to this section of the country.

## Beverly & Bauman Stand High

A community grows and prospers by reason of the public spirited men who take an active interest in its development. The Panhandle has its share of these civic minded people and deserving of special mention is Henry Beverly and Rudy Bauman of the lumber company located at 901 Georgia in Amarillo, bearing their name. They have been serving the builders of this area for many years and bear a reputation in the trade that is hard to match.

They operate a complete building service and have a most complete line of quality lumber, paints, hardware, cement, roofing, doors, windows, glass, fencing, wallboard, insulation, shingles and garden tools. They are always glad to consult with prospective customers on their needs and give them the benefit of their experience by advising them on their building or remodeling problems. They also feature "Building Repair Loans."

Both Henry Beverly and Rudy Bauman have always been ready and willing to cooperate with any worth while public movement and are active in the business life of the area. It is a pleasure for us to be able to give this public recognition to these two outstanding citizens and to congratulate them on the fine progress made by their company.

Orville Prescott, reviewer of books: "Poetic justice is so rarely encountered in life that it is sometimes a pleasure to meet it in fiction."

J. Edgar Hoover, director, F. B. I.: "Crime was up 4.5 per cent across the nation during 1949 compared with the previous year."

## No New System Seen Future Phone Set-up

A citizen of Canyon met the Newsman on the street the other day and remarked that he was opposed to any attempt to try to secure a dial telephone system in Canyon under present conditions. It would simply lead to doubling the present telephone rates, and would not improve service sufficiently to grant this big hike.

Upon investigation we find that so far the telephone company has promised nothing for the immediate future in the way of a new system. "There simply isn't enough material to go around in order to install the dial system in Canyon," stated O. A. Thomas, district manager recently. Until congested centers catch up with construction, there will be no chance for Canyon to secure the new system.

Several months ago the Southwestern Bell Telephone System filed with the City Commission the request for increasing telephone rates in Canyon. The Commission took no action on the request, stating that the company would have to wait until the new commission takes over the city government in April.

This citizen pointed out that the present system was giving adequate and prompt service except under unusual conditions. Furthermore he observed that the dial system was subject to jamming, which always took much longer to untangle than the delay any subscriber might experience under the present system. "You can put me down as being opposed to doubling telephone rates just to secure a new system," stated this citizen.

## QUITE LIKELY

Russia may top the atom with the cosmic ray, which in turn may be topped by the United States with a deadlier hydrogen thing. Do we hear some small nation asking: "Would you two like to be alone?"

## BETTER LUCK

A critic says that he almost fell asleep during the showing of a new film. We wish him slightly better luck next time.

## HAPPIEST

In the West, a traveling salesman who has journeyed 350,000 miles now takes a bride. He promises to make her the happiest woman in 48 states.

## MAY HAVE BEEN

An experimenter extinguishes a candle flame by playing a high note on the violin. It may develop that Nero has been unjustly censured.

# HORSES UNDER THE HOOD ... OR PONIES?

Yes, there is a difference in the type of horses under the hood of your trucks. All of them consume fuel, but not all give you the horsepower you should be getting in return.

Reo's all-new Gold Comet gasoline truck engine, the absolute last word in modern truck-engine design, easily develops 140 horsepower at a governed speed of 3200 RPM\*. These are full-sized horses, all working at the flywheel, where it counts!

Investigate Reo before you invest in any truck. Find out for yourself. You name the test! For full information and demonstration, see us. Stop in today!

\*The new Reo Gold Comet engine of 331-cubic-inch displacement develops more usable horsepower at the rear axle than any other six- or eight-cylinder gasoline truck engine of comparable displacement.

## Cole-Rogers Rites Read in Clovis

Miss Joann Cole, daughter of Mrs. Leona Cole of Hereford, became the bride of Berl Rogers, son of Mrs. R. L. Rogers of Canyon, in an informal service read in Clovis, New Mexico, Saturday, April 1.

Mrs. Billy White, Mrs. Rogers and Mrs. Cole attended the service.

Mr. and Mrs. Rogers will make their home in Canyon where he is employed by Gus Miller.

## DORTHY SCHWEINSBERG CIRCLE WITH MRS. CARTRITE

Mrs. J. T. Cartrite was hostess on Tuesday afternoon, April 4, to members of the Dorthy Schweinsberg Circle of the First Baptist Church.

Opening prayer by Mrs. Lon Fanning was followed by the devotional "The Resurrection" from 16 Chapter of Mark by Mrs. Cartrite. Mrs. Mary Burtz discussed "My Neighbor and I." Mrs. Fanning gave "Report from Missionary to Indians." Mrs. A. B. Russell gave "That the World May Know."

Those attending were Mrs. Fanning, Mrs. Burtz, Mrs. G. B. Combs, Mrs. W. I. Wester, Mrs. J. M. Breitling, Mrs. Russell, Mrs. H. F. Curtis, and the hostess.

## UMBARGER P. T. A. WILL MEET THURSDAY NIGHT

The monthly meeting of the Umbarger Parent-Teacher Association will be held Thursday, April 13, at 8:00 p. m. in the school hall. Presiding will be Mrs. Louis Raef, president.

Important business to be discussed will be the election of a president, as the nominating committee has been unable to present a candidate for the office. All members are urged to be present.

The business session will be followed by a social period and refreshments will be served.

Ideal Easter plants at a money saving value. Flower Mart.

Margaret Chase Smith, U. S. Senator from Maine; "There should be no such thing as priority for or against women or men."

## WEDDING SHOWER HONORS THE ALLAN DICKINSONS

On Sunday, April 2, a miscellaneous wedding shower was given in the home of Mr. and Mrs. Wilson Campbell honoring Mr. and Mrs. Allan Dickinson. Mr. and Mrs. Harley Burrus, Mr. and Mrs. L. T. Campbell and Mr. and Mrs. Glenn Costley were co-hosts with the Campbells.

The bride and groom were presented a beautiful corsage and boutonniere of white carnations immediately upon their arrival.

Supper was served at 6:30 o'clock and a wonderful social hour of old friends followed.

Guests included Mr. and Mrs. Hudson Vaughn, Mr. and Mrs. Arthur Olson, Mr. and Mrs. Marshall Rockwell, Sr., Mr. and Mrs. Emil Olson, Mr. and Mrs. Donald Olson and son, Hermon Vaughn, Ann Slagle, Betty, Sara Gene and Perry Neal Slagle, Gladys Dixon, Mr. and Mrs. Luke Miller and Billie Faye, Mrs. Pincannon and two sons from Levelland, Mr. and Mrs. Albert Byars.

Mr. and Mrs. Lonnie Byars, Mr. and Mrs. J. B. Hammond, Mr. and Mrs. L. Bailey and girls, Mr. and Mrs. Gereal Cloud, Mr. and Mrs. John Cook, Mr. and Mrs. Roy Cook, Mr. and Mrs. Troy Cook and daughter, Mr. and Mrs. Ansel Marshall, Mr. and Mrs. Gene Gray, Miss Bonnie Dickinson of Amarillo, Mrs. Isabelle Dickinson, Mr. and Mrs. Neil Downing and family, Mr. and Mrs. Tom Gerald, Mr. and Mrs. Boyd Elliott, Mr. and Mrs. Edwin Gidden, Mr. and Mrs. Richard Gidden, Mr. and Mrs. Paul Fluegel, Mrs. Lydia Bassett and cousin, Mr. and Mrs. Leland Graves, Mr. and Mrs. Marshall Rockwell, Jr., S. O. O'Donald and family.

## BAPTIST W. M. U. HELD ROYAL SERVICE TUESDAY

More than sixty women attended the Royal Service Program of the First Baptist W. M. U. at the church Tuesday afternoon. Mrs. Crews Henry, president, was in charge.

Mrs. Lon Fanning was named treasurer and Mrs. Roy L. Johnson secretary to fill vacancies created recently.

Members of the Schweinsberg Cir-

cle presented a short inspiration. Mrs. Johnson gave the devotional with the subject, "We Cannot But Tell."

Mrs. Virgil Henson, program chairman, introduced Mrs. Murray Boston, who discussed, "Am I My Brothers Keeper?"; Mrs. T. T. Fain, who gave, "Christ's Kingdom Advances by Personal Witnesses"; Mrs. C. H. Stratton, who told of "Women as Witnesses"; and Mrs. Burney Slack, who concluded with, "There Are Many Ways to Witness."

## RANDALL CO. H. D. COUNCIL MEETS IN REGULAR SESSION

Randall County Home Demonstration Council met Saturday afternoon, April 1, in regular monthly session with twenty-five officers and members present. Mrs. W. C. Angel, chairman, presided. Mrs. O. E. Wineinger, accompanied by Mrs. Leonard Winters, sang "Neath the Old Olive Trees."

In the reports from the various clubs it was noticed that nearly all plan to take part in the play night sponsored by the Westside club on Friday night, April 28.

The district meeting will be held at the Junior College in Borger on Thursday, April 27. All clubs are asked to send Mrs. Jimmie Hartnett an estimated number of women who plan to attend.

The next meeting of the council will be Saturday, May 6, at 2:00 o'clock. Change in time is due to 4-H Girls' Dress Review being held that afternoon.

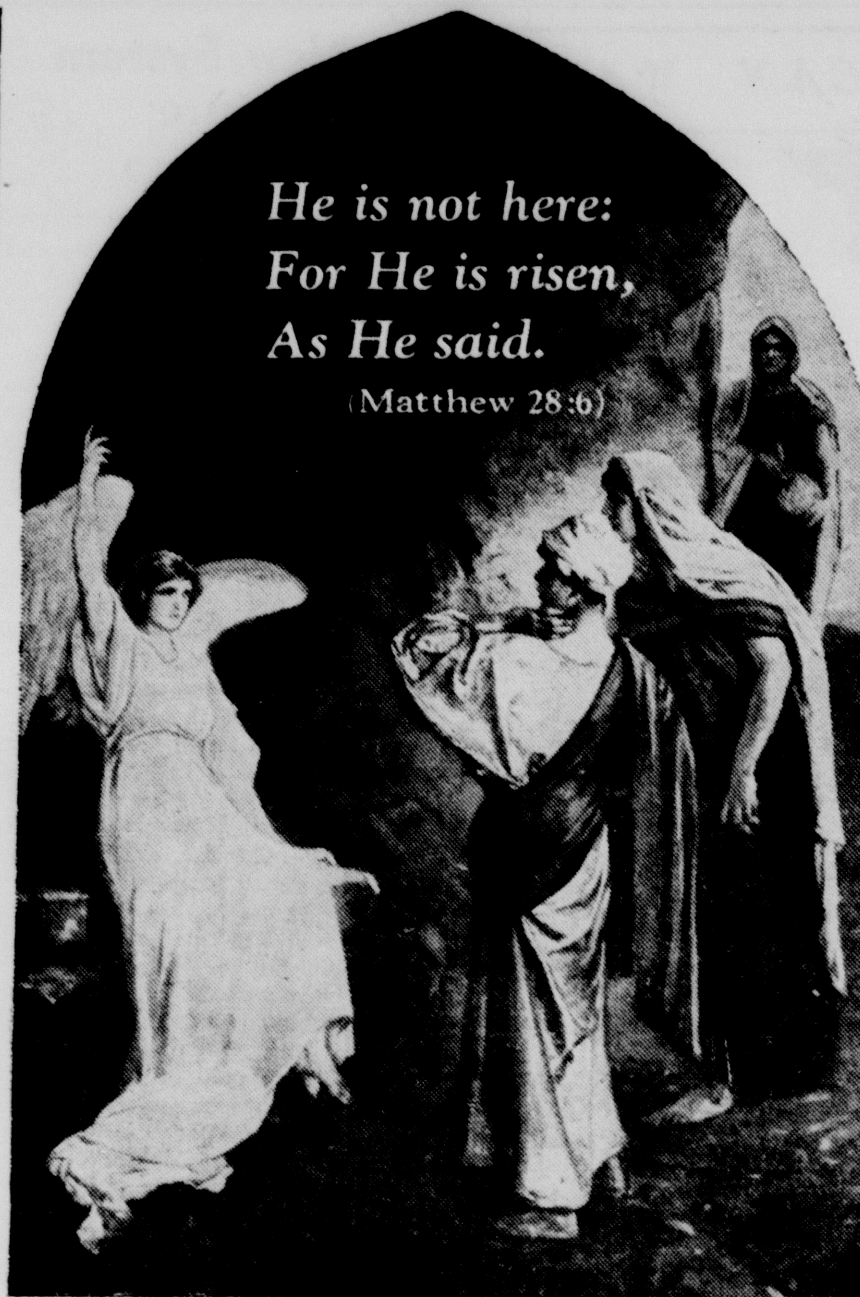

## FANNING HOME SCENE OF NAOMI CLASS SOCIAL

Members of the Naomi Class of the First Baptist Church were entertained recently with a social in the home of Mrs. Lon Fanning. Co-hostesses with Mrs. Fanning were Mrs. Jack Barnard and Mrs. Leonard Winters.

After the opening song, Mrs. Richard Gidden gave the devotional choosing as her topic, "Patience."

Friday morning at 9:30 o'clock, the class will meet at the church to visit absentees and for enlistment.

Refreshments were served to Mrs. Richard Gidden, Mrs. David Horn, Mrs. Crews Henry, Mrs. Joe Carver,

Mrs. C. F. Rogers, Mrs. W. T. Reynolds, Mrs. Ray Metcalf, Mrs. J. D. Pruitt, Mrs. Jim Carter, Mrs. Bill Money and the hostesses.

Miss Phyllis Albers of Amarillo is convalescing from a major operation in the home of her aunt, Mrs. Gene Root and family.

Mr. and Mrs. Pat Baber are in Wichita Falls this week visiting in the home of their daughter, Mrs. Olin Huff.

Mr. and Mrs. J. B. Little with Mr. and Mrs. J. T. Broadway will leave Thursday for South Dakota on business.

### EPISCOPAL CHURCH

Easter Services will be held at the All Saints Episcopal Church at 7:00 a. m. Sunday. Rev. Henry Seaman will conduct the services. The public is cordially invited to attend.

Mr. and Mrs. Charles Stratton visited Sunday in the home of his sister, Mrs. Will White, in Happy.

J. B. Horner of Ronan, Montana, was the week end guest in the home of Mrs. Ethel Mullins and family.

### ORDINANCE

An Ordinance of the City of Canyon Extending the Boundary Limits and annexing additional territory lying adjacent to the present City Limits, describing said property annexed, providing that said described property shall be part of the City of Canyon and obligating the property situated in the annexed territory to bear its pro rata part of taxes levied, providing the rights and privileges as well as the duties and responsibilities of the inhabitants of such described annexed adjacent territory, and providing an effective date.

Whereas, the mayor of the City of Canyon has certified to the City Council of the City of Canyon the fact that a majority of the inhabitants qualified to vote for members of the State Legislature inhabiting the territory adjoining the City of Canyon, which territory is herein-after set out, have voted in favor of becoming a part of the City of Canyon, which fact and vote is reflected by the affidavit of three of the inhabitants of said area qualified to vote for members of the State Legislature, which affidavit has been filed before the mayor of the City of Canyon; and

Whereas, it is the desire of the governing body of the City of Canyon that the territory hereinafter described be in all things annexed unto the said city; Now therefore, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CANYON:

Section 1. The property hereinafter described by metes and bounds as hereby annexed to the City of Canyon, and the present boundary limits are hereby altered and extended to include the additional territory particularly described as follows: to-wit:

BEGINNING at the Southwest corner of the present City Limits of the City of Canyon at a point in the center of United States Highway Number 87, said point being the Northeast corner of Section Sixty-three (63) and the Northwest corner of Section Sixty-four (64), Block B5 H&GN RR Co., Original Grantee, Randall County, Texas;

THENCE East along the North line of said Section Sixty-four (64) a distance of Two Thousand, Six Hundred and Thirty Feet (2,630') to a point;

THENCE North and parallel to the East line of Section Thirty-three (33), Block B5, H&GN RR Co., a distance of Three Thousand, Five hundred and Twenty and Eight Tenths Feet (3,520.8') to a point on the North line of Fourth (4th) Avenue, same point being East of the present City Limits of the City of Canyon on aforesaid avenue;

THENCE East parallel with the North line of Section Thirty-three (33) a distance of Two Hundred and Fifty-Eight (258') feet to a point, which point is the Southeast corner of the West Texas Gas Company one (1) acre plot;

THENCE North parallel with the East line of Section Thirty-three (33) a distance of One Thousand, Seven Hundred and Forty-five Feet (1,745') to a point due East of the Northeast Corner of the present City of Canyon City Limits;

THENCE West parallel with the North line of Section Thirty-three (33) a distance of Two Hundred and Fifty-eight Feet (258') to the Northeast corner of the present City of Canyon City Limits.

Section 2. The annexed territory described in Section 1 of this ordinance is a part of the City of Canyon and the property situated therein shall bear its pro rata part of the taxes levied by the City of Canyon, and shall likewise be entitled to the same rights and privileges, duties, responsibilities and obligations as other property in the City of Canyon.

Section 3. The inhabitants residing within the confines of the area described in Section 1 of this ordinance shall be entitled to all the rights and privileges of the citizens of the City of Canyon and shall be bound by the acts, ordinances, resolutions and regulations of the City of Canyon.

Section 4. This ordinance shall become effective on the 7th day of April, 1950, A. D.

Introduced and unanimously adopted by the City Council of the City of Canyon, Texas on the 3rd day of April, 1950, A. D.

W. A. WARREN, Mayor of the City of Canyon.

ATTEST:

E. T. Cummings, Secretary of the City of Canyon.

### Cairo Typist Seeks World Championship As Heaviest Eater

CAIRO. — Mohammed, the "muncher" is out for a world's title—he would like to be the champion eater of the entire hemisphere.

His full name is Mohammed Riad, an Egyptian typist, who is now down to an eating weight of 225 pounds.

In competitive eating, to vie for the world's singles, two-handed eating title, the contestant must include hardboiled eggs. However, they may be shelled first, the rules say.

According to the best information on the subject, the present world record for hardboiled egg consumption is held by an American who put away 60 eggs in 30 minutes.

So far Mohammed's single weakness—hunger—has kept the title just a few dozen eggs out of his reach.

He made a title attempt only a few weeks ago. But listen to Riad's sad story:

"While I was waiting for the judges to arrive, I went to wash my hands and found a large piece of chocolate in my pocket. One of my fans had put it there and I could not resist it.

"Believe me, this was the cause of my failure. Also, I ate a large bowl of pea soup before the contest. This was a mistake, too.

"I am ashamed to say I ate only 43 eggs and drank two bottles of soft drinks in 23 minutes."

One of the hazards of the sport, a sharp pain in the region of the stomach, put him out of play at that juncture. He turned pea green and bolted from the room.

"Now I am training for a new championship attempt," Riad said. "I absolutely will eat 100 eggs for a sensational new record. My honor is at stake.

"Also, I am thinking about changing my technique. Do you think I made a mistake in dipping each egg into red pepper first?"

### This Is Novel Joke Twist In Radio Give-Away History

YOUNGSTOWN, OHIO. — There is a new trend in "practical joking" that's giving radio give-away programs a bad jolt.

A local housewife reported that she received a phone call purportedly from a radio station. An unidentified voice offered her \$100 for the best suggestion on "how to tame your wife." She said she quickly replied, "Why, spanking, of course."

The voice then repeated the promise of \$100 if she would have her husband spank her loud enough to be heard over the phone. Eager to win the \$100, she called in a neighbor to administer the spanking because her husband wasn't home.

When the spanked housewife called the radio station to arrange to collect the \$100 prize, she was told the whole thing must have been a hoax, as the station hadn't offered any such prize.

### Sicilian Takes Big Fortune From Salt Water Annually

TRAPANI, SICILY.—Many are the schemes and dreams of taking treasure out of the sea—but there is one man who is making the ocean provide him with a fortune.

He is Rocco Ricevuto, owner and manager of the Trapani salt marshes from which he is taking about one million dollars a year. The marshes yield about 200,000 tons of salt annually for which Ricevuto receives an average of \$5 a ton.

Water from the salt-laden Mediterranean is pumped into drying basins where the hot Italian sun evaporates the water and leaves the salt in a growing pile.

In 1943 fleeing Germans destroyed all the plants in the salt marshes "because they could have been of use to the American troops." Ricevuto said he still wonders how the Americans could have used the salt marsh plants for war purposes.

"Destruction was carefully planned and faithfully carried out," Ricevuto said. "When I came back after the Nazi-Fascists evacuated Trapani, I found that nothing remained of the plants my father had built with loving care through 50 years of hard work.

"For a year I came here every morning, and studied how much of the rubble could be salvaged.

"One day, that was in 1944, I decided that I must do something to make the plants work again. We always had a group of more than 500 men working in the salt marshes. I called them to a big meeting in the place where the old silos were built and asked them to help me out.

"In two years I got my plants running again.

"Little by little we recovered our business. Ships come here now at an average of one every week or two loading salt for eastern and northern countries.

"Trapani's salt is good for industrial use, so Norwegians and Japanese come here to buy it.

"After years of loading the ships by hand, with men carrying the heavy baskets of salt on their shoulders, I now have my new chain system rolling again."

The Governor's Mansion in Austin was built in 1855.

Malaidal Mojars, resident of Thailand, visiting the U. S.: "I can't see why the young people go out on dates, since they really don't seem to profit by them.

THE temptation of Jesus is as old as the race and as common as humanity; it is your testing and mine. Why not use one's powers and talents for the satisfying of his physical appetites? Are they not God-given and natural cravings? The answer of Jesus ought to hearten every one of us, "Man shall not live by bread alone." We are animals with basic physical needs, but a man is something more, he is the Son of God, a spiritual person with mental and moral and divine possibilities. To live for the lower physical interests alone, or to put them first in importance, is to forget that there are other words that proceed from the mouth of God. The same God who said that there should be an earth and beasts of the field, said also, "Let there be light." Man has a heaven above him as well as an earth under his feet, and we live by sunlight and starlight and the ministries of the air as truly as by the products of the earth. Jesus refused to use his powers to make bread alone; he devoted his life to producing the fruits of the spirit: "love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control." Our world needs bread but it needs even more these spiritual goods. Besides our daily toil to make material goods, how much are you and I adding to the love and the joy and the peace of this world? Without these "fruits of the spirit" we go to war and destroy the material goods that have been piled up. Even bread itself isn't worth much without faith and hope and love in the hearts of men.

## Garth M. Ingram Builder of Ability

As a substantial contributor to the progress of this area Garth M. Ingram general contractor has established a well-deserved reputation for dependability and efficiency in all types of construction including remodeling and roofing. For those interested in either commercial or residential work Garth M. Ingram of 3101 Harrison, telephone 5009, in Amarillo will be found to be a top ranking concern.

By careful organization Mr. Ingram has integrated the efforts of carpenters and all craftsmen and various sub-contracting groups to form a smooth functioning building operation from the architect's plans to the completed project.

Those who have enjoyed his above board methods and valuable services recognize him for his friendly attitude. Whether the contract is established on a cost-plus or fixed-fee basis, the client may always be assured of the highest quality work at the lowest possible price consistent with quality.

It has always been the policy of Mr. Ingram to provide his prospective builders with friendly advice and guidance on the complicated matters peculiar to this business. Certainly no other business service is more directly related to the favorable development of this district and it is only fitting that an aggressive citizen such as Garth M. Ingram should be among the more prominent men of his profession. Those of our readers who are contemplating a construction program can do no better than refer their problem to Garth M. Ingram, 3101 Harrison in Amarillo, phone 5009.

## OUR DEMOCRACY—by Mat

### INVENTIVE GENIUS POINTS THE WAY—

AMERICAN INVENTIVE GENIUS HAS STEADILY CREATED BETTER WAYS OF ACCOMPLISHING GIVEN TASKS... IN AGRICULTURE, FOR EXAMPLE:

BEYOND THESE MECHANICAL INVENTIONS AND THE ADAPTATION OF SUCH INVENTIONS TO FARM USE, WE HAVE, SINCE 1900, STEADILY RAISED AGRICULTURAL PRODUCTION BY MORE EFFICIENT USE OF SOIL AND THE SCIENTIFIC IMPROVEMENT OF SEED, NOT ONLY FOR THE BENEFIT OF OUR OWN PEOPLE, BUT FOR OTHER PEOPLE THROUGHOUT THE WORLD.

## Smith & Sons, Inc. Leaders in Field

Serving the Panhandle with a most complete line of hardware, tools, toys, houseware, sporting goods, lawn and garden supplies, featuring SCOTT'S LAWN SEED, builders hardware and GENERAL ELECTRIC appliances Smith & Sons, Inc. located at 415 N. Fillmore in Amarillo enjoy an ever increasing business because the public know that, first, their merchandise is dependable and that they can find what they want in their large stock, and second Smith & Sons' open and above board business policies together with fair and down-to-earth prices have indeed made them leaders in their field.

In addition to the lines mentioned you can also find a complete stock of plumbing fixtures and pipe fittings. Many of our farmers, especially those who use irrigation, have depended on Smith & Sons for their pipe requirements.

The wide range of sizes in G-E refrigerators, home freezing cabinets, electric ranges and washers as well as all of the other small appliances that make housework easier and a real pleasure can be found here.

One of the most complete lines of sporting goods in the Panhandle is also carried by Smith & Sons, their store has become a mecca for the hunter, fisherman and the high school boy needing anything in the line of athletic equipment.

On your next trip to Amarillo why not visit this popular store and see for yourself the many nationally advertised lines and the completeness of their stock of hardware for both the home and farm. Remember, too, that Smith & Sons give S. & H. Green Stamps.

## HE KNEW

Our heart goes out to the New Yorker who pondered the census taker's question concerning his marital status and answered: "Precarious."

The natural progress of things is for liberty to yield and government to gain ground.—Thomas Jefferson.

## CITATION BY PUBLICATION

THE STATE OF TEXAS  
Blasingame.  
TO: WESLEY D. FALKENBURG  
GREETING:  
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 30th day of April, A. D. 1950, at or before 10 o'clock A. M., before the Honorable District Court of Randall County at the Court House in Canyon, Texas.  
Said plaintiff's petition was filed on the 16 day of March, 1950. The file number of said suit being No. The names of the parties in said suit are: Katherine Falkenburg as Plaintiff, and Wesley D. Falkenburg, as Defendant.

The nature of said suit being substantially as follows, to wit: A suit for divorce to dissolve the marriage bonds existing between plaintiff and defendant upon the ground that during said marriage defendant has been guilty of excesses, cruel treatment and outrages toward plaintiff of such a nature as to render their further living together insupportable; and upon divorce, for custody of the minor child born to said marriage to be awarded to plaintiff.

Issued this 16th day of March A. D. 1950.  
Given under my hand and seal of said Court, at office in Canyon, Texas, this 16th day of March A. D. 1950.  
(Seal) T. H. LAIR, Clerk,  
47th Judicial District Court,  
Randall County, Texas.  
By Billy Russell, Deputy.

## Excise Taxes on Most of Clothing Which You Wear

The American Weekly, recently published a full-page picture of a girl dressed for a party. She was wearing some modest jewelry and a fur scarf. She was carrying a purse. She had used the customary make-up—powder, cleansing cream, lipstick, rouge and so on. She had washed her hair with a commercially-made shampoo. She had a pack of cigarettes and a holder and a lighter. The point of the picture was that she was a living, breathing example of the burden of the wartime excise taxes which are still in effect, long after the last shot was fired.

These excise taxes, most of which come to 20 per cent on top of the regular retail price of the commodities affected such as the apparel and accessories worn by the girl in the picture, are, of course, in addition to all the other direct and indirect taxes we pay. Other types of excise tax—created by the war emergency—apply to transportation, telephone calls, etc.

Ask any retail merchant what the effect of the taxes is. Ask any worker in an industry which produces one of the commodities or services so taxed. Ask manufacturers. They all say the same thing—that the taxes reduce sales, that they force many people to buy inferior goods, and that they are a strong adverse influence on employment and purchasing power. Significantly, Canada, which had taxes of this nature during the war, repealed hers.

When the taxes were passed, it was said that they would be repealed as soon as hostilities ended. That is a moral obligation and their continuance is a clear breach of faith on the part of the government.

Jim Thorpe voted greatest football player this century.

## Panhandle Roofing Company Praised By Customers

Reliable work at reasonable prices has gained for Panhandle Roofing Co. a reputation that has brought an ever increasing patronage to their office at 2323 E. 3rd in Amarillo and which has resulted in the satisfactory service to home owners and business and industrial buildings alike in the line of complete roofing and water proofing service—they feature the outstanding nationally advertised OLD AMERICAN approved roofs and water proofing.

We have all heard the story of the man who would not fix his roof when it rained because it was too wet and who did not consider it necessary when it wasn't raining. Many of us laugh at that joke and yet continue to follow the same ridiculous line of philosophy. Regardless of the particular kind of roof that is most desirable for your residence or other structure, Panhandle Roofing Co. will tell you which is best. Moreover W. L. Harvey of this popular concern will see to it that only the best of material will be used on the job and he will see to it that you get honest and skilled workmanship.

To have gained the implicit confidence of the entire Panhandle as has Mr. Harvey and his company, is indeed commendable. It is small wonder that his organization has been forced to work at top speed to keep up with their customers' demands.

God grants liberty only to those who love it, and are always ready to guard and defend it.—Daniel Webster.

Maple sugar and rubber are both sap from trees.

Lauders expense, but I wager a  
pretzel he hadn't a thing to do with  
it.At any rate, the story goes that  
Harry was playing golf one bitter  
cold day. At the end of the  
round he slipped something into the  
caddy's hand and said kindly,  
"That's for a glass of hot whiskey,  
my man."

The caddy opened his hand.

**Buff Squad in  
Spring Camp----  
Dalton Injured**Coach Frank Kimbrough has been  
putting his squad through the spring  
training period during the past  
week, getting a line up on the mem-  
bers of the Buffalo squad for next  
fall.The first casualty of the spring  
was R. C. Dalton, who suffered a  
fracture of his right leg. Dalton is  
a flashy halfback from Borger, who  
promised to go places with the Bu-  
falo squad this fall. He has been  
in the hospital since the accident,  
and will be out for the coming year.Kimbrough divided his squad into  
two teams, with the Reds, led by  
Frank Wise, defeating the Whites,  
which was captained by J. D. Cov-  
ington.

## Nation Drifting Aimslessly As to Foreign Policy

The February issue of the Atlantic Monthly carried a report from Washington in which it said: "The story of American foreign policy in the next few months will be in large part the story of Secretary Acheson's conflicts with Congress. . . . Acheson's vulnerability on Capitol Hill is based on the fact that he has little political strength in his own right. He is building a following by his force of mind and general ability. But he did not come into office with the kind of grass roots strength which makes a Congressman think twice before he attacks."

## THE AMERICAN WAY

*Impartial Referee???*

—that can be performed only by the President himself."

The reasoning back of Mr. Lippman's argument is plain. Foreign policy is not a thing that is or can be confined within the State Department. It inevitably involves the entire government, from the military services to the Treasury. And the President alone can speak and act for the whole government.

In this, Mr. Truman has been in a difficult position by the nature of his background and experience. Under the American system, the vice-president is largely a figurehead. He presides over the Senate and performs social duties which cannot be handled by our over-worked Presidents, and that is about the end of it. Mr. Truman, as he said at the time came into office with a relatively small knowledge of what was going on in the White House and the world. He had never been in the group which was close to Mr. Roosevelt. He was without the late President's world contacts and grasp of affairs. In the Senate, as a junior member, his activities were principally given to domestic affairs, rather than to the international scene. And it can be said of Mr. Truman, without doing him an injustice that he congenitally lacks the qualities of leadership which have characterized the "strong" Presidents—such as Lincoln, Wilson, and both the Roosevelts.

In any event, Mr. Lippman has raised a point of the utmost importance. There is a feeling in Congress and the country that in the matter of foreign policy we are drifting, and drifting rather aimlessly at that.

Friends of Fred Vinson, Chief Justice of U. S., have not given up the idea that something might come of a new mission to Moscow. The Chief Justice was all set in autumn of 1948 to undertake that mission when George Marshall, then Secretary of State called it off.

Hundreds of Chinese die fleeing Reds across Himalayas.

## TELLING HER SIZE

He walked timidly into the store and announced he wished to buy a present for a young lady.

The saleslady showed him some silk coats but when she asked him the size, he was baffled. He gazed about helplessly for a minute or so and then spotting a dummy figure, a smile stole over his face. Walking up to it, he circled it with his arm. "About this size will do," he said, happily.

## IT HAD TO BE YOU

The girls at a restaurant table were discussing a shattered romance.

"It's all a mystery to me," sighed one. "All I know is that one afternoon at the office I got to thinking about him, so I wrote him a long letter, saying just what I thought about things, and I never heard from him again."

Disgustedly, her girl friend told her. "So you had to go and open your big typewriter."

## A Penny Left For Packers After Expenses

The dollars that industry receives in exchange for goods and services go right out again to nourish the economic bloodstream of the country—and very few of them stick in the pockets of industries' owners.

The meat packing industry—which, incidentally, provides about one-third of the total cash income of American farmers—is an outstanding example of that. Here is what happens, on the average, to each dollar the packers spend.

First of all, nearly three-fourths of it—79.8 cents—goes to producers in payments for livestock and other agricultural products.

Next, payrolls—the roster of the men and women who work in packing—account for 9.6 cents.

Necessary supplies cost 3.4 cents, and transportation takes care of 2.1 cents.

Taxes run to 1.1 cents, and miscellaneous expenses amount to 3 cents.

After all this is added up, just one single penny is left out of that dollar. And that penny is the packers' earnings.

The point is that American industry, as a general rule, does an all-important job for a very modest "wage." In the case of the packers, they bridge the gap between the producers on the one hand and the consumers on the other. Meat makes the biggest single contribution to the stability of American agriculture. And from the consumer's point of view, the charge for bringing the meat from the farm to the dinner table is amazingly low.

Joseph Stalin has decided he no longer can afford to ignore the rumors about his poor health. To silence the rumors, Stalin had himself photographed while casting a ballot at Russia's one-party election. The pictures, showing Stalin hale and hearty at 70, have been widely circulated both in and out of Russia.

Frederick C. McLaughlin, educator: "Freedom is not preserved by frightening teachers into orthodoxy or silence."

## First Services Are Held in New Chapel of Baptist Church

Regular Sunday services were begun Sunday, April 2, at Calvary Baptist Chapel at 601 Fourth Avenue in Canyon. Rev. Truett Smith preached at the 11:00 o'clock morning hour, and Deacon W. H. Harden filled the pulpit at the 8:00 o'clock evening hour.

Arthur K. Goodman presided at the Sunday School hour at 9:45, and a group of young people led by John S. Boling rendered a training Union program at 7:00.

This Chapel is an extension of the services of First Baptist Church in Canyon where Dr. Roy L. Johnson is pastor, and he announces that regular Sunday services will be conducted on the above schedule, with local workers filling the pulpit for a few weeks until a regular minister is secured. A Wednesday evening "Good News Club," begun by Child Evangelism Fellowship, will use the building at 4:00 each week, enabling boys and girls to come from school to the meeting.

A special "open house" will be held at the chapel sometime during April to enable all friends to inspect the neat little building which is designed as the first unit in a much larger structure which can be erected when needed.

## Wayside News

Rev. C. W. Williams filled his regular appointment Sunday morning and night.

The Wayside school was represented at the track meet at Dimmitt Friday afternoon.

Mrs. J. R. Stockett had surgery in the Tulia Hospital last Wednesday. She was getting along nicely last report.

Mr. and Mrs. John Ralph Kennedy and Betty Ruth were Tulia callers one day last week.

Mrs. Chas. Kennedy spent Thursday night with Mrs. J. R. Stockett in the hospital.

Mr. and Mrs. J. M. Malone and

Tom are visiting in the J. R. Stockett home. Their home is in Amarillo.

The George Hancock family of Pampa spent the week end in the W. I. Lane home.

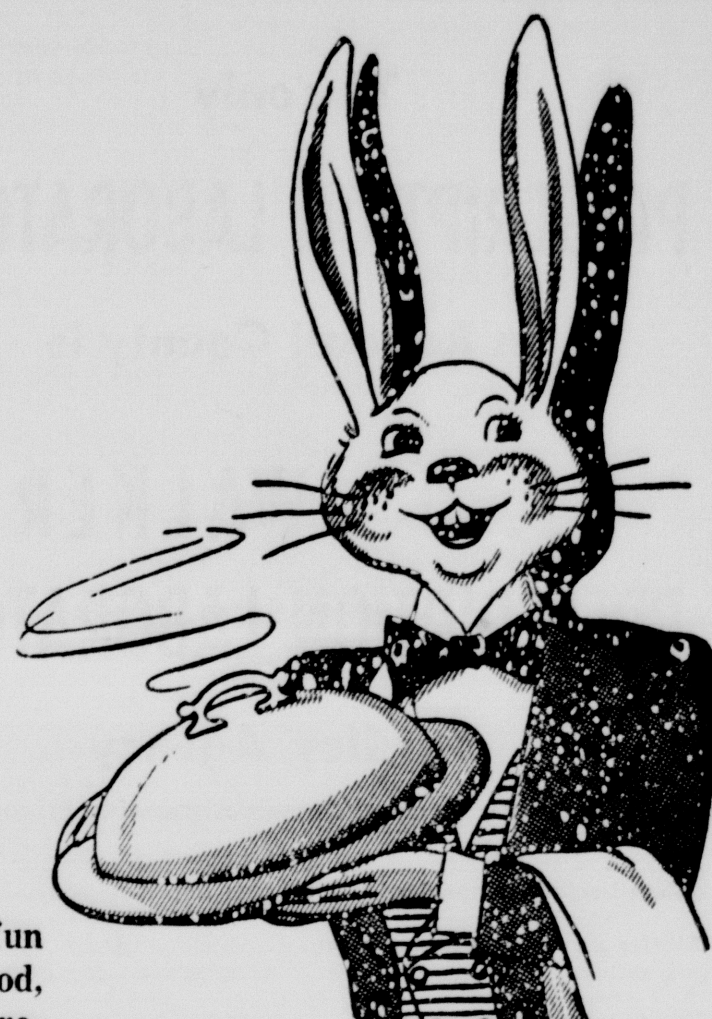

Mr. and Mrs. Melton McGehee attended the quarter horse show in Arizona last week.

Paul A. Witty, professor of education: "The gifted child is the neglected child."

Admirals and generals finally are taking the hint that they either sing the official line or get into trouble, as did Admiral Louis E. Denfeld and Rear Admiral Joel Boone. In the past, military officers were not always "yes men" when under questioning by representatives of the people in Congress.

Robert Denham, General Counsel of the Labor Relations Board, faces a White House order removing him from office if he remains critical of Board policies. Legal advice given to the President is that he does have power to remove Mr. Denham.

**MAYBE**  
Now that a bricklaying machine has been invented, perhaps some one will devise a mechanical mayor for laying cornerstones.

## OUR DEMOCRACY—by Mat

"YOU NEVER MISS THE WATER—TILL THE WELL RUNS DRY"

TO ACCEPT AS A MATTER OF COURSE THAT WHICH IS PLENTIFUL AND AT HAND FOR THE TAKING IS HUMAN NATURE... BUT THE NATION HAS LEARNED THAT CONSERVATION OF ITS RESOURCES—RICH AND VAST THOUGH THEY ARE—IS ESSENTIAL TO OUR FUTURE WELFARE.

SIMILARLY, IT IS LOGICAL TO CONSERVE OUR INDIVIDUAL RESOURCES AND THUS PLAN TOWARD OUR FUTURE WANTS AND NEEDS.

TODAY, DUE TO ADVANCEMENT IN MEDICAL SCIENCE, WE CAN ANTICIPATE AN INCREASED LIFE SPAN, MORE YEARS OF LIVING... THUS MORE OF OUR PEOPLE THAN EVER BEFORE ARE PLANNING FOR RETIREMENT INCOME BY SETTING MONEY ASIDE REGULARLY IN LIFE INSURANCE AND SAVINGS. ONE OF THE MOST IMPORTANT INGREDIENTS FOR A HAPPY OLD AGE IS THE INDEPENDENCE WE ENJOY WITH ECONOMIC SECURITY.

## Sucker Bait in Plea For Cheap Power For All

A former Governor of Wyoming, Leslie A. Miller, has made one of the most effective statements on the fiction of "cheap" government electric power that has yet appeared. Mr. Miller also served as chairman of the natural resources task force of the Hoover Commission, which aggressively criticized waste in this field. Here, in part, is what he said.

"Studies recently made by TVA set out clearly that the cost of power is incidental in the location of an industry in any new locality—other factors are overwhelmingly important. 'Moreover, the public should know that 'low cost' power from a governmental agency is entirely misleading. Power producing dams are built by the bureau (Bureau of Reclamation) with only a part of the costs being charged to power. Much of the cost, sometimes half, and more, is charged to 'flood control'—sometimes it is 'aid to navigation'."

"The bureau has a bill pending in Congress today which allow the charging off of indefinite sums to 'recreation; public health; national defense; fulfillment of internal obligation, etc.' Under the terms of that bill maybe power won't cost

anything at all—except to the tax-paying public, who day after day are being fed with sucker bait through the 'public relations' divisions of the bureau.

"Public power" is not cheap. If the producing of the power was accomplished under the same economic considerations as confront any private business, the rates charged would have to be comparable to those charged by private utilities. For example, the bureau, in addition to charging off great sums of fictional 'benefits,' pays no taxes, it does not help pay for our roads and our streets... and all the other things we taxpayers have to shoulder.

"Cheap power? It's a joke when actually analyzed."

All the misleading political propaganda now being fed to the people can't conceal the fact that Mr. Miller told the plain, unvarnished truth. The rates charged by the government regulated private utilities are an honest reflection of the cost of providing the service, plus a very modest profit allowed by law. The rates charged by the government plants are a snare and a delusion that cost all the tax payers huge sums. And, on top of that, political management of business is almost always grossly wasteful and inefficient when compared to private management. 'Cheap power' is a colossally expensive fraud.

John Steelman, Special Assistant to the President, masterminded the strategy that ended in getting Mr. Lewis what he wanted. The official strategy called for avoiding use of a Taft-Hartley injunction until the country was on the verge of shutting down for lack of coal. Then, when the judge was not convinced that his injunction had been violated by continued strike, it took only mild White House pressure on the industry to force agreement.

Senator Styles Bridges, of New Hampshire, was very glad to give up his \$35,000-a-year job as "neutral" trustee of the coal miners' welfare fund. The New Hampshire Senator has discovered that his association with John Lewis wasn't helping him politically in his home state.

Mr. Truman is described as feeling that Democratic votes will be made, not lost, as a result of the victory of John L. Lewis in his coal strike. The White House expects to get credit for helping a big union get around the Taft-Hartley law.

Army turns over its fleet of ships to control of the Navy.

## Inspection Of All Hospitals For Fire Risks

Some 1700 engineers and field men from the capital stock fire insurance and casualty insurance companies are now engaged in a nation-wide inspection project to prevent hospital disasters. The program is under the direction of the National Board of Fire Underwriters.

As of March 1, about 1360 hospitals had been inspected for fire and other hazards. All in all, nearly 9,000 hospitals will be surveyed before the program is completed. The primary idea is to eliminate hazards to life. However, the scope of these

inspections goes beyond that. It is hoped that one of the most lasting results will be improvements in the training of hospital personnel and an increased consciousness of fire dangers.

The importance of this was demonstrated a short time ago when fire struck a Wisconsin hospital. The employees, luckily, had been trained in fire safety. While three of them fought the blaze, the remainder removed 100 mental patients from the building. Not a single patient was killed or injured, and the building was saved. The superintendent of this institution had instigated fire drills and training programs, and all the employees were alert to the danger. Forethought paid off. A fire which might have been disastrous was controlled with relatively small damage.

The American Hospital Association is cooperating with the insurance industry in this splendid work. If every hospital follows the advice

of the inspecting experts, the chance of disaster will be reduced to the minimum.

A prehistoric stone wall was discovered underground in 1852 at the site of Rockwall, Texas.

TYPEWRITERS: You can buy Royal typewriters right here in Canyon at the same price as any place in the world. Call The News office about Royals.

FILING CABINETS: For a long time during the war we could not get 4-drawer steel filing cabinets. We have them now, and the prices are not out of reach of the business or professional firms which need good cabinets. Warwick's.

MAIL THIS ISSUE OF The News to a friend when you get through reading it. However, it will be cheaper to pay for an annual subscription to The Canyon News and have the paper mailed weekly than to pay the postage every week.

## Garrison Paint & Wallpaper Tops in Quality—Low in Cost

Rapidly becoming painting and decorating headquarters in the Panhandle is the new concern, Garrison Paint & Wallpaper (formerly Jones Paint Store) located at 611 W. 7th in Amarillo, who have a top line of nationally advertised products. Their quality line of paint is especially made for this climate which, of course, is the reason for its splendid wearing qualities. They also have a most complete line of varnishes and enamels.

Garrison's tremendous stock of Bird, United and Atlas wallpaper is one of the largest in the Panhandle and they are always glad to give their customers the benefit of their expert decorating service and recommend the proper color and design to harmonize with the furnishings of the home or store room. They have proven the truth of their motto "Tops in Quality—Low in Cost" which is responsible for their constantly growing business.

The welcome mat at Garrison's is always out to our readers and they invite you to bring your decorating problems to them, whether it may be the kind of paint to use, the selection of colors and patterns of wallpaper or regarding terms, which can be arranged to your satisfaction.

Mr. Garrison and his organization are to be complimented on the completeness of their service and it is little wonder that they are gaining such popularity.

## J. Lee Milligan Tops in Field

As a substantial contributor to progress in the Panhandle, J. Lee Milligan located at 2932 W. 6th in Amarillo has established a well-deserved reputation for dependability and efficiency in excavating, road work, ditching and trucking, dragline work, terracing, bulldozer work and general sewer construction. The Milligan organization use only the most modern equipment on their jobs, which is kept in top condition and repair at all times, and have adequate units in reserve to prevent expensive delays caused by unavoidable breakdowns. Their crews of skilled operators and earth-moving workmen are thoroughly experienced and at all times supervised by Mr. Milligan personally.

Milligan has served the farmers well in this area in all types of terracing, digging of ponds, lakes and water storage tanks. His machinery with the services of skilled operators may be contracted for by the hour or for the entire job.

General contractors have found the services of this aggressive excavating contractor are of great value and prefer to subcontract the earth work to them than to do it themselves, as it has proven both time and money saved. Many cities, towns and counties as well as the farmers and general contractors have called on this qualified general dirt contractor for their services and like their open and above-board methods of dealing as well as the efficient manner in which the work is prosecuted. Whether it is by contract or a fixed fee, cost plus basis or by the hour Mr. Milligan delivers quality work at the lowest price possible consistent with the job at hand. He is to be congratulated on his smooth functioning organization and the part he has played in the development of this entire area.

J. Howard McGrath, Attorney General, is assured of the first vacancy that occurs in the Supreme Court. Clark Clifford, who resigned recently as counsel to the President and who still is called upon by Mr. Truman for help and advice, is not out of the running for appointment to the Attorney Generalship if a vacancy later occurs.

Maurice Tobin, Secretary of Labor, is getting the main job of devising plans to deal with the rather large scale unemployment that the Government economists see ahead for 1951 and 1952.

Don Leonard, State Police Commissioner of Michigan: "Some drivers behave only when a marked patrol car is in sight or when they are aware that one is in the vicinity."

## J. H. (Chief) Milford Insulation Expert

Each year home owners as well as business concerns are learning of the added comfort both summer and winter as well as the economy to be had in insulating their buildings.

J. H. (Chief) Milford, 4005 Polk Street in Amarillo has been responsible for many of the insulation installations in this area. The materials he uses—INSUL-WOOL has not only passed every laboratory test but has been installed in hundreds of buildings in the Panhandle. It is resistant to fire, mice, termites, roaches and prevents sweating of walls. It makes the structure warmer in the winter and cooler in summer and reduces fuel costs so that it really pays for itself in from 3 to 5 years. INSUL-WOOL is backed by an iron-clad guarantee bond for the life of the structure. It may be financed with nothing down and 3 years to pay under F. H. A. financing plan.

We suggest to our readers that they consult with "Chief" Milford and get complete information and estimates on INSUL-WOOL. You will find him an authority on insulation problems and he will refer you to many satisfied customers of his right in your own vicinity who are loud in their praise of the good insulation service that he has rendered them.

In addition to INSUL-WOOL Milford also handles aluminum picket fence, inside blinds, window awnings and chain length fence.

We congratulate J. H. (Chief) Milford on his outstanding line of products and the good service that he has rendered to the community and hope that he will continue to serve this area in the future.

## Roy Mathes Lumber & Supply Co. Render Complete Service

A concern in this area that is ever willing and able to render a complete lumber and building material service is Roy Mathes Lumber and Supply Co., 2605 E. 3rd in Amarillo, who are well known for their cooperative policies with home builders, contractors, and those doing remodeling work on their home or business building. In addition they enjoy an enviable reputation for their many years of fair dealing for their business methods are as substantial as the materials they sell. They realize that a satisfied customer is the very best advertisement that they can have and they are ever striving to please and secure for their customers the best that can be had in lumber and supplies at prices that are consistent with the quality offered.

With its modern and complete yard the Roy Mathes Lumber & Supply is equipped to furnish anything in the building material line. Besides quality lumber they handle builders hardware, roofing material, Mound City Paints and varnishes, shingles, doors, windows, screens, insulation material as well as building specialties. They maintain a service department whereby they will give the exact cost of material needed in your plans and gladly furnish any desired information pertaining to construction.

We compliment the Roy Mathes organization on their quality material and good service and hope for them many years of continued prosperous operation.

President Truman, when and if he does find it necessary to make a change in the job of Secretary of State, will almost be forced to try to draft Chief Justice Vinson, in order to restore public confidence in that Department. The Chief Justice commands the respect in Congress that may yet be required to quiet growing political attacks.

If, later on, Mr. Truman does induct the Chief Justice to become Secretary of State it will be a tip-off that the President has promised Mr. Vinson that the 1952 Democratic presidential nomination will be his if he wants it.

Freda S. Krehm, teacher: "It is natural to desire and expect that one's children be perfectly physically and mentally."

## Veterans Must Start College Training by July '51 Under GI

The deadline for most veterans for starting a course of education and training under the GI Bill is 15 months away—on July 25, 1951.

A Veterans Administration regulation, issued by the Lubbock Regional Office states that the majority of veterans will not be permitted to begin GI Bill courses after that date. An exception has been made for those discharged after July 25, 1947, and those who enlisted or reenlisted under the Armed Forces Voluntary Recruitment Act, according to an announcement made by Robert W. Sisson, VA Regional Office Manager.

July 25, 1951, however, is not important to veterans who have started and actually are pursuing GI Bill training on that date, as they have the right to continue their courses.

The VA regulation explains that a veteran who has started a course and who has continued in it will be considered to be in training, even though he has temporarily interrupted the course for the summer vacation or for other reasons beyond his control.

Once a veteran completes or discontinues his program of GI Bill training after the 1951 date, he may not start another course.

The GI Bill provides that generally training must be initiated by July 25, 1951, or four years after a veteran's discharge, whichever is later, and it must be completed by July 25, 1956.

Most veterans are subject to the 1951 and 1956 cut-off dates. But there are the following exceptions:

1. Veterans discharged after July 25, 1947, have four years from date of discharge in which to begin GI Bill of training. However, they must finish by July 25, 1956.

2. Veterans who enlisted or reenlisted under the Armed Forces Voluntary Recruitment Act (between October 6, 1945, and October 5, 1946) are not bound by either deadline. Instead, they have four years from the end of that enlistment or reenlistment period in which to start, and nine years from that time in which to complete their course of training.

A veteran in either of these two categories actually must be in training when his individual entrance deadline comes around, in order to continue afterwards.

The VA regulation outlines requirements that veterans in training after the entrance cut-off date will have to meet.

They will be expected to pursue their training "continuously until completion, except for conditions which normally would cause interruption by any student."

They may change their educational objectives "only while in training and then for reasons satisfactory to the Administrator."

According to the regulations, satisfactory reasons for change are these:

As every Melлотone color is now selected as a result of nationwide research, which determines the colors most desired and used today in interior decoration, your color problem is practically eliminated by the use of Melлотone. Furthermore, it—

1. Hides most surfaces with only one coat.
2. May be washed repeatedly.
3. Holds its beauty through years of hard wear.

**Single-Tinted  
COLORS**

**Burrow Lbr. Co.**

1. No thank you.  
2. We buy everything we need from our local merchants!

1. When the veteran is not making satisfactory progress in his present course and the failure is not due to his own misconduct, his own neglect or his own lack of application.

2. When the course to which he desires to change is more in keeping with his aptitude, previous education, training or other such pertinent factors.

3. When the course to which he wants to change is a normal progression from his current course, and will help him attain his educational or vocational objective.

No additional changes of course will be approved, the regulation states, except for the most cogent reasons.

The VA regulation defines a course of education or training as a "curriculum, program of study or training or combination of subjects as are prescribed by the institution as constituting a course."

The following do not constitute a change of course: a change of one or more subjects within an elected curriculum or program; the dropping of a subject without replacing it with another; the adding of a subject; change in the sequence in which subjects are taken, or advancement from a basic or preparatory phase to an advanced phase of a course.

VA explained that it is issuing its regulations on deadline dates at this time in order to give veterans ample opportunity to make their plans for the future.

Stuart Symington's shift from the Air Force to chairmanship of the National Security Resources Board, when made, will amount to a White House "draft" to get that important post filled.

Ernest O. Melby, educator: "You can't understand the United States until you've been outside it."

## Eagle Tracksters Win at Tulia; Garner Second at Dumas Meet

Harding, Burrus, Barrett, Erwin Get First Places

Eight boys compiled 47 points to win second at the Dumas three-way meet Friday. Dumas had 50 points and Dalhart had 29.

In the 100 yard dash, Landon Barrett and Norris Root took third and fourth places respectively. Winning time was 11 seconds. Root placed second in the 220 and third in the 880.

Jim Wooten took third in the mile. In the shot put Leo Erwin was first and Ray Burrus, fourth. They reversed positions in the discus with Burrus first and Erwin fourth. Canyon had the only vaulting team entered and drew a forfeit.

Barrett placed first in the broad jump with a leap of 19'1". Joe Abbott tied with Barrett for second place in the high jump with 5'6".

### Canyon Over Tulia

Canyon garnered 53 points to Tulia's 44 Tuesday in a dual meet at Tulia.

Robert McClendon placed second in the 100 yard dash. Root placed third in the 220. In the 440 Richmond Payne was second, McClendon third, and Harding fourth. Harding first, Tom Middleton second, and Root third, in the 880. In the mile, Wooten first, Russell second, and Bryant fourth.

Ray Burrus tossed the discus 121'10" for first place. Leo Erwin threw the shot 36'33" for first in the shot put.

Barrett placed second in low and high hurdles and first in the broad jump. Harrell Slack took first in the high jump followed by Abbott and Barrett who tied for second.

### UNLESS ONE WORKS, WHAT THEN?

April is here again. A month of great happenings! Commander Robert E. Peary discovered the North Pole April 6, 1909. He started on his expeditions in 1886. He was thirty years of age and it took him twenty-three years to reach his goal.

Now, soon, the seniors of CHS will begin a life of exploration. Will it take them twenty-three years to achieve their goals? Have we even decided what work we hope to reach? The senior's days are numbered until graduation from Canyon High. All, possibly, have settled on a goal to strive for.

At present most seniors' ambition is to go on the annual trip, but first there is the matter of making money to defray expenses! Accordingly, every senior must roll his sleeves up and get busy.

—by G. D.

Jack Barnett will coach tennis during the next few weeks of school. Two new nets will be bought for the students' use, but each player will be required to furnish balls and rackets.

Mr. Barnett trusts he will have a large number of students to come out and learn the game, or if they are experienced players, they may try their skill to represent CHS in the Interscholastic meet.

R. C. Newton, research scientist: "Scientific research has flourished only where the workers have been free from regimentation."

## Grade Notes

Anna Mae Holik withdrew from Mrs. Joe Black's first grade to move to Amarillo.

Tommy Byrd of that same class was absent from school, Monday.

Dale Pitts withdrew from Mrs. T. W. Collins' first grade to move to Childress.

Lemoyne Shelton, of Mrs. Roscoe Davis' second grade, and Eugene Holik, of Mrs. Stella Murrell's second grade, both withdrew to move to Amarillo.

Edwina Hugg, of Mrs. A. K. Goodman's third grade, had her tonsils removed last Wednesday. The children all wrote her letters and expect her back this week.

Mrs. W. L. Rice visited the class Wednesday and showed the children some lovely copper work she does as a hobby.

The Bird Club met Friday. New officers elected were Martha Maddux, president; Pat Pond, secretary; and Don Nimmo, program chairman. They will study the canary next time.

Mrs. Dan Usery's third grade took a trip last week to see a house being constructed.

The class is now studying birds. The boys are building bird houses and the girls are making bird pictures and paper mache picture frames.

Mrs. J. D. Pruitt and Mrs. E. T. Zachry visited Mrs. L. M. Cousins' fourth grade last Friday afternoon.

Mrs. Sanders, a representative of the Gideons from Amarillo, visited the fourth grade and presented each fourth grader with a New Testament.

Geraldine Bacon, who is ill with rheumatic fever, has been absent from Mrs. Tom Brasher's fourth grade for about three weeks. The pupils of her class and some of those from Mrs. Cousins' room gave her a shower. Miss Elva Fronabarger, Mrs. Brasher and Mrs. Goodman took the gifts to Geraldine.

The Nature Study Club of Mrs. Brasher's room, chose to study flowers for the month of April.

Maria LaFont, of 5W, has returned to Houston.

Jimmy Reed is back to the fifth grade after about two weeks' illness.

Both fifth grades gave the play, "Two Little DP's Visiting America," last Tuesday, for the school children and last Wednesday, for their parents.

Mrs. Vearl Iverson was back teaching school Monday after being absent due to mumps.

61 had a spelling bee last week with Joe Carver and Nancy Root acting as captains of the two sides. Joe's team won and they were treated by the losers with cookies, candy and cokes.

Charles Brasher has been in the hospital due to an infected throat. Carol Ann Holman has been out of school with the mumps.

Ann McKinney has also been absent due to illness.

Junior High students have recently completed a math tournament. Out of a class of sixty students Camilla Davis placed first; Ann Holt, second; and Truman Laughery, third.

Mrs. Ed Weeks, instructor of the group, says that great interest was shown in the work and competition was close.

There are no more reactionary people in the world than judges—Nikolai Lenin.

## National Honor Society Members

Front Row: Reading from left to right, Melva Martin, Martha Hales, Mary Ruth Hill, Peggy Moore. Second Row: Dana Rice, Donna Erwin, Anita Ruthart, Geneva Devin, and Sue Jennings. Third Row: James Miller, Arcie Phelps, Jimmy Wooten, Shirley Dixon, Mary Ellen Funston. Fourth Row: Don Johnson, Billy Morton, Bruce Winn, Linda Dooley, Shirley Priddy.

April showers are well on their way, (we HOPE!) Here's Cal with his flowery bouquet.

Mary Elizabeth Jennings and Bobby Black were out at Palo Duro Sunday. Incidentally, Mary Elizabeth has his college fraternity pin.

Merle Bullard, Wayne Prichard, Donna Erwin and Bruce Winn took in a show at Amarillo Saturday night.

Mary Ann Sloan went with Bill Hall Monday night.

A "gay old time" was the order of the hour when Joyce Payne, Berkeley SoRelle, Shirley Dixon and Travis Payne double dated Saturday night.

Hmmmm — Did you know that Joanna Haines went with Landon Barrett Thursday night and Norris Root Saturday night.

Annelle Pond seems to have fun in seventh period study hall with Larry Prater.

How about telling us where you go while in Amarillo every week end, Lawrence Hermesmeier?

Katie Furlow has been stepping out with a Tulia boy, Norris Jennings.

Hats off to Anita Ruthart and Robert O'Donald, Bob Ratliff and Tysene Cox, Joe Abbott and Ruby Bonds, Bobby Foster and Horace Carter, Lorraine Carter and Bill Price, Tommy Harper and Kenneth Caskey, Bennie Abbott and Maurine Scruggs, Bruce Winn and Donna Erwin, George Scott and Harry Garri—couples who have been seen going steady most of the year. Also, to all the rest of you people Cal can't think of right now.

### Texas Defeats All Contenders To Win CHS Intramurals

CHS 1950 intramurals came to a close Friday with Texas on top. They blasted mighty Tennessee in the first round and in the semi-finals took Rice with an overwhelming victory. Arkansas had an easy ride to the finals when they drew a bye from Alabama, and Tulane for the right to compete in the finals. Charles Lindsey and Roy McCarter were the standouts for the champs.

Tennessee was the title holders until they were upset by Texas in the first round of play in the intramurals. Which were played every day at noon from 12:05 to 12:25. The

## Bells and Screams Mark Senior Play

"For whom the bells toll," that is the question still before us.

Joe Parker and Wayne Prichard, the comics of the crowd, provide amusement aplenty for young and old in the "Night of Terror." The overbearing sheriff makes everyone angry and horrible Aggie will make you tremble.

Mysterious strangers lurking in the shadows, four innocent people caught in a web of intrigue, along with the resounding bell make for an interesting situation and a play that should be one of the best.

### LOUD SPEAKER CHIMES

The Colonel in charge of the Military Science program at Texas Tech talked with the Senior boys Wednesday.

Girls and boys volleyball teams from White Deer will play the CHS girls and boys volleyball teams in Canyon, Tuesday, April 11, at 7:00.

Six Weeks Exams begin Wednesday, April 12, and will be given until Friday noon.

The eighth grade girls will compete in the vocal music festival at West Texas State College, April 13.

The District Inter-Scholastic League Meet will be held in Canyon at West Texas State College, April 15, which will include both literary and track events.

Also, April 15, will be the day for FFA judging teams to compete at Texas Tech in the Areat Contest.

referees for the intramurals were Wayne Hill and Ernie Kendricks from West Texas State.

Removal of hedges against exports sends grain prices soaring.

## FTA Chooses Name and Elects Officers at Meeting, March 29

Gibson and Samples Head Recently Organized Club

Bob Gibson will head the Canyon High School Chapter of F. T. A. as its President this year. Other officers are: Bill Samples, vice-president; Merle Bullard, secretary; Mary Ann Sloan, treasurer; Melva Martin, reporter; and Geneva Gressett, program chairman.

The chapter was organized March 29 and has chosen as its name, The D. A. Shirley Future Teachers of America Club in honor of Dr. D. A. Shirley. Meeting will be held the second and fourth Mondays of each month at 7:30. Dues were set at one dollar a year and a committee was appointed to frame the constitution.

Attending the meeting were: Bob Gibson, Betty McGee, Bill Samples, Merle Bullard, Barbara McDougal, Berkely SoRelle, Geneva Gressett, Ann Freeman, Peggy Moore, Mary Peppard, Mary Ruth Hill, Mary Ann Sloan, Melva Martin, and sponsors, Mrs. Cecil Simms, and Mrs. T. E. Beard.

The club is invited to attend a meeting of the College organization of F. T. A. April 6 at 7:00. All members of Canyon High F. T. A. are urged to attend.

## Betty Graham Is Area Song Leader

Bettie Jean Graham will be song leader of Area I, Future Homemakers of America next year. She was elected at the annual spring meeting held at Borger, Texas recently. Approximately three thousand Future Homemakers are members of the Area I organization and ninety schools in the area have a chapter in F.H.A. Eleven hundred members were present at the meeting in Borger. Installation of the new officers was the climax of the meeting. Bettie Jean is treasurer of the local chapter. She is qualified for the position of song leader due to having taken lessons in both piano and voice.

Thirty-five girls from the Canyon High Chapter attended.

### Seniors Net \$74.50 On Bake Sale Saturday at Cooper's

Lady, don't you need a cake or pie for your dinner tomorrow?

It might have been April Fool's Day, but it was no joke that the Senior Class made \$74.50 from their bake sale Saturday.

The "goodies" they offered were luscious chiffon cakes trimmed in beautiful icings of yellow, white and pink and lemon meringue, cherry and coconut pies with crusts so tender they would melt in one's mouth. Those girls, Dana Lee Rice, Jo Parker and Peggy Moore, didn't quit until they had sold everyone of those baked products.

Funds raised from this bake sale and other activities planned by the class for the near future will go into the jaykpot to be used for the Senior Trip and other necessary matters. The class believes it did pretty well on the sale and hope to do as well on other enterprises that will be happening soon.

## ELECT J. Blake Timmons as your CONGRESSMAN

Capable, honest, energetic and with courage to support his convictions.

Studied Government at West Texas State College.  
Studied Law at the University of Texas.  
More than four years in service, World War II.  
A member of the American Legion and V.F.W.  
33 years of age, married and has daughter of 4 years.  
Native of this district. Farm boy and businessman.  
Served two terms as State Representative.  
Deacon in Presbyterian Church.  
Blake Timmons is not obligated to any individual, special group, organization or special interest.  
He will represent ALL the people of the Panhandle without fear or favoritism.

## BRAND NEW Fluid Drive for Trucks

Another Dodge first

It's new! It's different! It's *gyrol* Fluid Drive!

Now you can get Fluid Drive on Dodge "Job-Rated" 1/2, 3/4, and 1-ton models. And with it, you get important advantages you can't get with any other truck.

**NEW SMOOTHNESS!** The connection between engine and clutch is fluid. Starts are easier, smoother than with a rigid mechanical connection.

**NEW HANDLING EASE!** No need to use the clutch when slowing down or stopping for

traffic! Here is the smoothest driving you've ever known.

**LONGER TRUCK LIFE!** The cushioned operation of Fluid Drive reduces wear on vital parts... increases truck life. So you save on service expense, too!

**See us today!** Why not find out how Fluid Drive... available only on Dodge trucks... can save you money? See us today for a demonstration.

## Cold War on the Home Front

After four weeks of visiting Miss M. Moss Richardson has returned from East Texas. She spent day or so in Paris, Clarksville, New Boston, Texarkana, Detroit, Wolfe City, Greenville, Marshall and Dallas. These towns hold many friends and relatives of the late Mrs. Jessie R. Chambers and the trip itself was a coronal in memory of her lovely life. Mrs. Annie Peele McKnight of Marshall returned with Miss Richardson to spend a while in Rest Cottage.

Mr. and Mrs. B. A. Fishburn of Davenport, Iowa, stopped in Canyon Saturday afternoon while on their way to El Paso and Old Mexico. John Knight, pioneer resident of Canyon, stated that he visited with the couple while they were in Canyon.

Garden seeds and yard plants. Most for your money. Flower Mart.

Mr. and Mrs. Ray Crowder of Clovis, Mr. and Mrs. R. E. Wester with Lannie and Donna of Amarillo were week end guests in the parental W. I. Wester home.

Ideal Easter plants at a money saving value. Flower Mart.

E. L. Henderson was here for a few days this week from his home in South Carolina to visit at the C. L. Thompson home. He was a student at West Texas State during the first session of the college, and has been teaching in Carolina until his retirement last year.

William D. Leahy, wartime Chief of Naval Operations: "History will record that he (President Roosevelt) exercised greater skill in the direction of our global war effort than did his gallant and brilliant contemporary, Winston Churchill."

The White House is being advised by Chief Justice Vinson and by others that a purely negative attitude toward the chance of arranging world peace is going to cost votes in 1950 and, by 1952, can cost a great many votes.

Philip Murray, CIO president, has hadfeels from representatives of John L. Lewis sounding out whether the Mine Workers would be welcomed back into the CIO. Undercover moves are being made toward a merger.

Community property laws do not apply to GI insurance.

## Fairview Breezes

We sure have been having spring weather. All we lack is rain and more rain.

Our Evangelistic Study Course started off fine Saturday evening with G. E. Wesley as teacher of adults and LaVena Amerson with juniors and primaries. After the lesson pop and cookies were served to all present. Then the group joined in games conducted by Brother Max Stalling. The second course was Sunday evening instead of preaching service. The third course will be Saturday evening and the fourth Sunday evening. All are cordially invited to attend these study courses.

Our simultaneous revival will begin on the evening of April 14. Morning services will be at 9 o'clock; evening at 7:30. Please come and help us out. You may not need us but we certainly need you.

We were glad to welcome Mrs. Vivian Myers to service Sunday morning.

Mr. and Mrs. Hoyle Shipman have moved to the Methodist Encampment Grounds. We hated to lose these young people but wish them success in this new undertaking.

Hollis Shipman has been sick with flu the past week.

The Shipman clan gathered in the canyon at the Hoyle Shipman home Sunday for a Shipman reunion.

Mr. and Mrs. Harney Rogers have almost finished rebuilding their home. They have added all modern conveniences.

Mr. and Mrs. G. E. Wesley and Miss LaVena Amerson attended the Swisher County singing at Tulla Sunday afternoon.

Etta Jean Sharpes and Laquita Patterson attended the seventh grade picnic at Palo Duro State Park Saturday.

Jodie Gazzaway attended the Senior picnic Sunday.

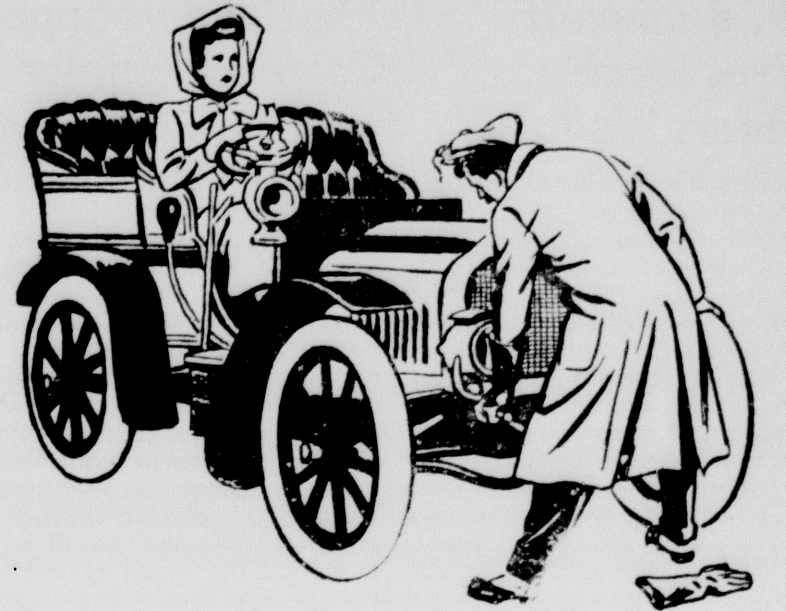

Mr. and Mrs. Hollis Amerson and sons, Sherman and Larry, of Andrews visited a few days the past week in the parental F. O. Amerson home.

The Home Demonstration Club will meet Friday for an all day meeting and quilting with Mrs. G. E. Wesley.

You who are interested in donating work on the Fairview church come early Friday morning. We will try to work Friday and Saturday.

We were glad to have Mr. and Mrs. Sam Adams and children, Mr. and Mrs. Elvin Wesley as visitors Sunday evening at our study course.

Mr. and Mrs. Coye Elkins visited in the G. E. and J. W. Wesley homes Sunday.

Marshal Tito, of Yugoslavia, is to get a chance before very long to buy some arms in this part of the world. The problem of selling arms to Tito is complicated by the fact that he has said that, if war came, he would fight on the side of Communism.

The world's largest walled, outdoor swimming pool is in Balmorhea State Park near Balmorhea, Texas.

**ABLE PARLIAMENTARIAN** a Few women have any knowledge of parliamentary law. "You don't know my wife. She's been speaker of the house for 25 years."

New York is going in for artificial rain making, and citizens with a little forewarning from city officials, will now know when to carry umbrellas.

E. T. BURK FOR CONGRESS

**YOU**

Have an

Important

Decision

to Make

May 6, 1950

is an

Important

date

The date of the special congressional election. It is important that YOU select a man who will represent YOU. And the way to be certain is to work for and vote for E. T. Burk because...

He is an ordinary citizen like you, a churchman, family man, community man.

He has been in business in Amarillo more than 20 years, taking the ups and downs of competitive enterprise, serving customers from all walks of life. He has paid taxes to keep up schools, towns, counties, state.

E. T. Burk believes in fairness, honesty, common sense.

He is paying his own campaign expenses and is not tied by any individual or group. Big campaign contributions tie the hands of any person. E. T. Burk will not permit his hands to be tied by those who try to take your rights. He doesn't seek a paycheck nor a political career.

E. T. Burk believes in a sound farm program, in fair labor laws, and he opposes spite legislation. He believes strongly in fair, considerate treatment of our senior citizens.

E. T. Burk is a common sense, ordinary citizen like you.

E. T. Burk is the leading candidate in the congressional race. He CAN WIN!

The way TO BE SURE, TO BE SAFE, TO HAVE REAL REPRESENTATION is to

**BACK BURK FOR CONGRESS**

## I. R. Brummett Serves Stock Feeders Well

Serving the feeders of live stock in the Panhandle is I. R. Brummett located in the Amarillo Hotel. The Panhandle has been known the country over for its ranches and livestock production and buyers of stockers and feeders have always found the services of I. R. Brummett most reliable and they appreciate his open and above-board business policies. Reliability and fair prices are the two most valuable assets that a cattle dealer can have and these are the two main reasons, coupled with a most friendly attitude and a willingness to always give his customers the benefit of his many years experience in the business, that has made I. R. Brummett such a popular factor among the cattlemen of the Panhandle.

The true value of a citizen is not gauged by his personal success but rather by the manner in which he shares that success by his contributions to the community in which he lives. A community grows and flourishes according to the number of public spirited men and women composing its population.

Mr. Brummett is one of those men who is giving much toward the development of the area and has turned his personal success in the business field to the advantage of the people as a whole. He has accomplished much toward making this area a better place in which to live.

We compliment Mr. Brummett in this review and wish to offer him this small evidence of our esteem.

## Andrews Has Many Used Bargains

One of the most interesting businesses today is the new and used hardware firms that attract people from all walks in life. In the Andrews' Second Hand Store, 312 E. 4th in Amarillo one finds a store that will hold their attention for an hour's visit.

This store has procured representative articles in the hardware and other lines and carries plumbing fixtures, pipe, electrical appliances and supplies, wire fence, hand tools in a large selection. Packed into this large store room is also war surplus items and materials that have many diverse uses on the average farm or ranch.

The intelligent buying practice of Mr. Andrews makes it possible for his store to offer all types of material. Thus the homemaker, mechanic and farmer will find outstanding values in merchandise not obtainable elsewhere and at unbelievably low prices.

A sincere wish on the part of Mr. Andrews to take an active part in the business life of this area and to make an outstanding record in service to his customers is the reason why Andrews' Second Hand Store has received widespread acceptance as a fine business endeavor.

Ernest O. Melby, educator: "What young people want is a chance to make a decent free society work."

## The Builders Supply Co. Most Popular

Old floors made new, new floors made beautiful is the well merited claim of The Builders Supply Co., 1600 W. 7th in Amarillo.

Their stock of asphalt, cork and rubber tile, Armstrong Linoleum and sheet rubber, builders hardware, wallpaper and carpet, as well as CALOY METAL TILE which does not crack, or chip—and stays fast on your bathroom or kitchen wall in a wide assortment of lovely colors is the most complete in the Panhandle.

Their mechanics go anywhere and are trained to properly lay floor covering materials and install asphalt and metal tile, which not only adds to the appearance but lengthens their wearing qualities.

They also handle venetian blinds for all purposes and feature the nationally known quality custom built venetian blind FLEXLUME in both aluminum or wood.

The Builders Supply carpet and rug department is the most complete in the Southwest featuring these qualities and nationally advertised lines in wide selections—Firth, Artloom, Magee-Whittall and Gulistan.

If you are planning on remodeling your home or building a new one by all means consult this popular concern in Amarillo—find out just what kind of floor covering, wall treatment and venetian blinds will serve your purpose best. They will gladly show samples and furnish estimates without obligation. They have installed their products and furnished material in many of the better homes as well as stores and offices in this territory and their customers are not only pleased with the high quality but also with the good service and fair prices.

We compliment The Builders Supply Co. of Amarillo on their quality products, service and progressive business methods and recommend them to our many readers.

## B. R. Cole Heads Popular Lumber Co.

A firm that is fast taking the lead in its field is B. R. Cole Lumber Co., 1000 W. 5th in Amarillo and well known in this area for the completeness of its service and the motto that is lived up to "Where Fairness is Unexcelled."

This aggressive company serves their customers to their complete satisfaction and has established a reputation for contributing by their good service and progressive methods to the welfare and progress of the community.

They handle a complete line of quality lumber, all building materials, millwork, paint and glass, pressedwood, sheetrock, rolled roofing, hardware, screens, fencing, posts, cement and mortar. Their prices are always consistent with the quality of merchandise offered and they are glad to furnish estimates and building advice without obligation.

The material for many of the larger building projects in this area has been furnished by B. R. Cole Lumber Co. which is evidence of their satisfactory method of dealing and the quality of products handled by them.

## Morrison Engine & Equipment Have Outstanding Lines

With quality and performance at a minimum cost in mind the outstanding lines offered by Morrison Engine & Equipment Co., 4901 N. E. 8th in Amarillo are most outstanding. They handle Continental Red Seal Motors—America's Standard—"Powerful as a Nation" with rotavals for most efficient operation on high-octane fuel, this patented feature minimizes valve-burn. They also have Chrysler Industrial and irrigation engines "Horsepower with a Pedigree" which are "engineered and built to stand the gaff!" They have proven their efficiency and economy in irrigation, installed in farm machinery and wherever power and economy of operation is required.

Because of the continued dry weather Morrison have sold many "WADE RAIN" portable sprinkler irrigation systems equipped with aluminum pipe. When you have this efficient irrigation system on your farm you can plan your crops with confidence, knowing that ample moisture will be available to grow and mature your crops profitably. They also handle Stewart & Stevenson irrigation pumping units and have over one hundred models to choose from.

Those who have done business with Morrison Engine and Equipment Co., are most enthusiastic about the quality of their products and the efficient repair service that they maintain. Their shop for service work is modern in every respect and equipped with the latest tools and machinery and their mechanics specialists in their line.

A more complete and outstanding line of motors and equipment cannot be found in the Southwest than that offered by Morrison Engine and Equipment Co. and they are to be congratulated on the lines that they have selected as well as the good service that they render. They are aiding progress in the area materially and we are pleased to recommend them to our many readers.

died by them. Contractors and builders are loud in their praise of this concern and the good service they render because this is the lumber yard "Where Fairness is Unexcelled."

William Boyle, Chairman of the Democratic National Committee, is checking on key Democratic candidates in some crucial States to discover if they will favor renomination of Mr. Truman as the presidential candidate in 1952. Mr. Truman is going to be in position to receive the Democratic nomination if he wants it, or to say who does get that nomination if he prefers not to run. All present signs indicate that he wants to run.

Louis Johnson, Defense Secretary, is building carefully to make his bid for the Democratic presidential nomination in 1952 on the strength of support by veterans' organizations. Word reaching Democratic headquarters is that in some American Legion meetings the theme is: "Stick with Lou in '52."

## Gene Worley Has Deep Appreciation For Past Favors

TO THE PEOPLE OF THE EIGHTH CONGRESSIONAL DISTRICT:

I wish I could write each and everyone of you an individual letter but since that is impossible, I am taking this means, through the kindness of the editor of your paper, to extend to you my thanks for your excellent cooperation and for the most generous support you have accorded me in the past.

For nearly ten years I have been honored by election as your Representative to the United States Congress. No one could be prouder of that honor than I am now and have always been. You have been more than generous to me through the years and I have done my dead-level best to make you a good Congressman. I hope I have succeeded. You have no idea how really proud I am of the people in my District. I would not trade my own District for any in the United States. As I turn to new fields of endeavor, I will carry with me the recollections of my always pleasant associations with you. I wish for each and every one of you the very best of everything for all the years to come.

Sincerely,  
GENE WORLEY.

USUALLY

Conscience is that still, small voice that warns us—but doesn't stop us.

## Death By Cancer Increased in the State During 1949

Deaths from cancer in Texas reached a total of 7271 during the past year, indicating that a warning against cancer quacks and so-called cancer cures is justified by the State Health Department. Early diagnosis and competent treatment could have prevented many of these deaths, states Dr. Geo. W. Cox, State Health Officer.

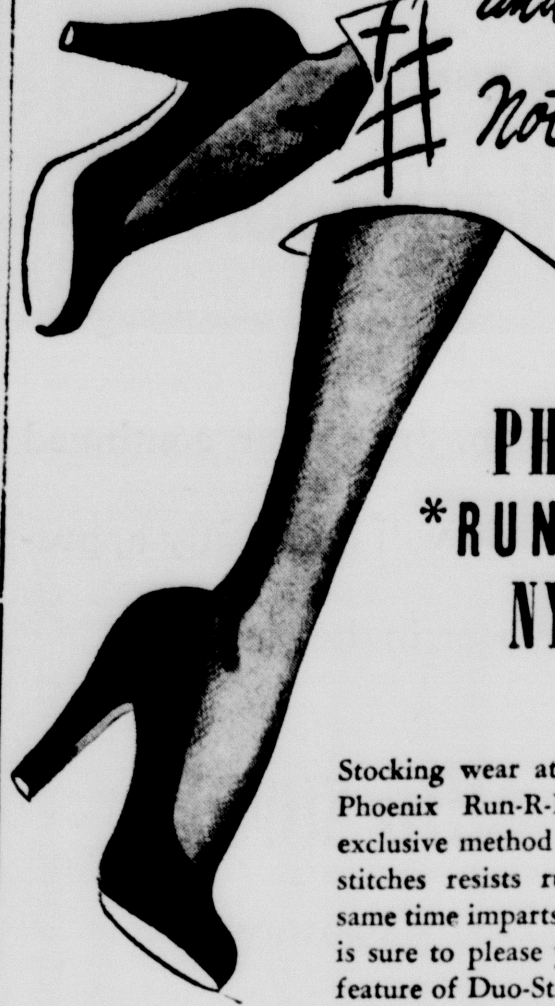

"There are but two ways of treating cancer. First, by surgery and second, by the use of radium or x-ray. Treatment must be started early and in the hands of a competent surgeon. Surgery is relied upon to remove cancerous tumors and is used in nearly two-thirds of the cases. X-ray or radium is used to advantage for the remaining group. Frequently the two methods are combined. Self medication, serums, colored lights, pastes, salves, and diets are valueless.

"The greatest protection against cancer is early diagnosis. Every case is an emergency and it is unfortunate that the majority of those with cancer do not seek medical advice early in the first stages of the disease. No hope should be placed in fake cancer cures or treatments. Rather, the annual physical examination and an immediate reporting to your physician of any symptoms which may be suspected to be the beginning of cancer should be relied upon. These symptoms are: an unusual bleeding from any body opening, any lump in the breast or other part of the body, any persistent sore, particularly on the face or mouth, and chronic indigestion. These conditions may not be cancer, but sometimes they are forerunners of the more common types of this disease. Where cancer is suspected, do not delay, but consult your physician at once."

The White House is asking Government planners to study plans for public works and for revival of the Civilian Conservation Corps as means of countering unemployment if it grows much larger during the year ahead. CCC, if revived again for unemployed youths, is expected to be given a military twist with a design something like the youth labor corps that were developed in Europe.

# Walter Rogers

Candidate for Congress

Typical self-made, successful citizen.  
Born in Texarkana, Ark., July 19, 1908—41 years old.  
Attended elementary schools McKinney, Texas.  
Worked on farm while attending Austin College, Sherman.  
Worked way through University of Texas law school, employed in state comptroller's office.  
Graduated with high honors, now licensed to practice before United States Supreme court and all courts of our state.  
Moved to Pampa in 1935, began practice of law. Opened own law office 1937, which he has maintained since, except for 4 years when he served as District attorney.  
Made outstanding record as district attorney, refers voters to any member of grand jury or law enforcement officer in district he served. Has built large practice among his neighbors, friends and acquaintances. Represented many clients before highest courts of land, Railroad, Banking and other state commissions.  
Member Gray County and State Bar Associations.  
Served as first War Bond chairman Gray County.  
Married Jean Daly of Pampa in November, 1936.  
They have family of 6 children, ranging in age from 18 months to 11 years.  
Two sons and daughter are Scouts.  
Former member of Jaycees.  
Past president Pampa Rotary club.  
Active in all civic and community affairs.  
Life-long member Protestant Episcopal Church.

## HE BELIEVES

Walter Rogers believes future of our country depends upon the homes and small communities. Believes in home rule and home responsibility. Believes encroachments have been made upon individual rights which must be checked or rights will be lost to the people.

Believes a balanced economy must depend upon private competitive enterprise, free of Government control except for adjustment of wrongs brought about by bad faith. Believes capital and labor should settle own disputes with government only in role as arbiter.

Believes economy of this region based primarily on agriculture, believes farmers of this section capable, sound-thinking Americans; favors stabilized farm economy but believes many features of farm program should be at option of the farmer and not at the whim or caprice of Bureaucrats. Problem can not be solved overnight, but is being solved and that farmer's suggestions and advice should be followed and used. Pledges full assistance to Canadian Dam and all other water conservation projects in district; sees such projects as sound investment and essential to economy of district and also vital to national defense.

Believes federal aid to education is double taxation; believes if government will attend to own affairs, leave our tidelands alone and conduct itself in accordance with Constitution, Texas won't have to worry about federal aid to our schools.

Believes Civil Rights is a mis-nomer, is purely political and will not aid any of the peoples involved; if Constitution is followed there is no necessity for a Civil Rights program by Congress. Constitution provides that program fairly and honestly.

Believes the old people are not getting their just dues, too much of

the money set aside for them going into overhead costs, that they are entitled to more courtesy in their claims and requests.

Believes in soundness of depletion allowance for oil and gas business.

Believes that soft treatment of traitors should cease.

Believes in drastic reductions in government costs, abolition of overlapping bureaus, cleaning out of overstaffed departments, stream-lining red tape, demands full and fair day's work on part of every government employee, and courtesy to the taxpayers as they go along.

Believes in proper preparedness and defense of this country first; do the cutting where it will not weaken the strength of the nation.

Believes income taxes too high, that proper economy can bring about reductions.

Believes rights of Veterans to purchase land under Veterans bill should be immediately stream-lined, completely freed of red tape and all political favoritism should be abolished.

Summed up, Walter Rogers believes in our American way of life, is for efficiency and economy in government, and pledges the people of this district to work for these ideals.

He is widely-known and respected as an able and courageous lawyer and a conscientious and patriotic citizen.

He offers to the people of the district experience and training.

He is successful in his own profession.

Walter Rogers has as much at stake in the future of this country as any of the rest of us. Here is the Rogers family. Standing, left to right, are John, Walter and Tommy. Seated, left to right, are Mary Catherine, Mrs. Jean Rogers, Robert and Susan. "We're one family with never a dull moment," he tells friends.

# West Texas A Cappella Choir Starts 3-Day Tour Wednesday

April 5, the West Texas State College A Cappella Choir, directed by Houston Bright, begins a three day concert tour of the Panhandle. Wednesday morning, the choir will sing at Clarendon High School. Memphis High School is the scene of the afternoon performance. An evening concert will be presented at Silverton where the choir will spend the night.

On Thursday morning the singers perform at Floydada High School. The afternoon program will be given at Plainview. The Littlefield Women's Club is sponsor for the Thursday night concert. An afternoon performance will also be given at the Littlefield Junior High School.

Students of Dimmitt High School will hear the first program Friday morning. The choir ends the tour with a concert at Hereford High School Friday afternoon. Bill Hutchinson, baritone soloist, the Treble Ensemble, and Varsity Quartet appear a special features of each performance.

Following are selections from the choir's repertoire which will be used on the tour. "Charlotte Town"; "There Is a Balm in Gilead," Juanna Jo Broadway, soloist; "The Black Oak Tree," Phyllis Villyard, soloist; "We Praise Thee"; "The Night Has a Thousand Eyes"; "Spirit of the Lord," Bill Hutchinson, soloist; "Didn't My Lord Deliver Daniel"; and two compositions by Mr. Bright, "Weep No More Sad Fountains" and "Evening Song of the Weary."

In addition to the campus favorites "Rocka My Soul" and "Swing Down," the Quartet will present a new arrangement of "Jog On Jehosaphat." "Over the Rainbow" will be featured by the Treble Ensemble.

Members of the choir are Juanna Jo Broadway, Panhandle; Casilda Cintron, Guayama, Puerto Rico; Florence Craig, Texhoma, Okla.; Marjorie Frost, Cameron, N. M.; Emilie Mills, Booker; Alice Morgan, Canadian; Maxine Muller, Littlefield; Cynthia Owens, Canyon; Alice Pierce, Canyon; Jeanine Scott, Canyon; Darlene Terry, Quanah; Phyllis Villyard, Groom; Delores Wilson, Bovina.

Nancy Brummett, Pampa; Betty Hood, Canyon; Sue Hood, Canyon; Beth Kimbrough, Canyon; Paye Kinney, Canyon; Bobbie Medlen, Floydada; Marion Miller, Canyon; Billie Marie Money, Canyon; Alpha Joyce Mullin, Turkey; Mary Jim Vincent, Amarillo; Martha Williams, Bovina; Weedon Young, Canyon. Jim Cherry, Slaton; Wayne Hinds, Amarillo; Tom Sifert, Maywood, Ill.; Charles Villyard, Childress; D. F. Walker, Amarillo; John Bernson, Canadian; Bill Hutchinson, Pampa; P. D. Jeffries, Dumas; Jerry Jones, Texico, N. M.; Terry Lovelady, Spearman; Dick McDonald, Canyon; Jack Stone, Panhandle; Wellbourne Sharp, Dumas; and Nina Jo Dunn, Littlefield, accompanist.

## AFTER THOUGHT

The lovelorn traveling auditor decided to celebrate payday by sending a telegram to his girl friend back in the home town hundreds of miles away. After chewing on his pencil for several minutes, he finally handed in a message that read: "I love you, I love you, I love you."

The clerk read it and said, "You're allowed to add another word for the same price."

The auditor pondered for several minutes and then added the extra word. It was "Regards."

## REFRESHING SLEEP

At a club in Hollywood a young author was introduced to a film critic. The writer's first picture had just been shown and he immediately asked the critic for his opinion of it.

"It was very refreshing," returned the critic.

"Say, that's swell," beamed the author. "Did you really find it so refreshing?"

"Absolutely," was the reply. "I felt like a new man when I woke up!"

Crack-up of the Calang Kai-shek regime in China, resulting in a Communist victory, touched off much of the present criticism of the Secretary of State. Church missionaries who had been welcomed in China in the past found that the Communists had no particular place for them. The State Department is getting blamed for not trying harder to shore up the Nationalist regime against the inroads of Communists.

The President is being told that the fall of China to the Communists created a more profound impression upon the public mind in America than anybody in public life has yet come to appreciate. The latest "Commie scare" in the United States relates almost entirely to individuals who had foreseen that Chinese Communists would ride to power on the revolution in that country.

Thomas Finletter, if installed in the job of Air Force Secretary now held by W. Stuart Symington, will be as vigorous a partisan of air power as the present Secretary. Mr. Finletter is among the original sponsors of the idea that what the Air Force needs is 70 air groups, not 48 as at present.

Help Keep Canyon Clean!

## Pampa Citizens Are Backing Rogers In Race for Congress

PAMPA—Pampa and Gray county were getting set this week to give their fellow townsman an "all out" push in his race for congress.

He is Walter Rogers, former city attorney, district attorney for 2 terms and who has been an active leader in civic and community affairs during his 15 years' residence in Pampa.

First official event in the campaign is a barbecue in Pampa for Thursday afternoon at 5 o'clock with Sheriff Skinner Kyle as host and with peace officers of the district as special guests.

Pampa business men in a series of meetings have organized into a city-wide "Rogers for Congress" club, and plan a tour of the entire district on a campaign to "sell" the Pampa candidate as the best qualified entrant in the race.

In groups of 4 to the car, the Pampa workers plan to visit every town and community in the district and pass out literature, distribute placards and tell the voters of the other counties about the Gray county candidate.

Mr. Rogers, who enjoys a large law practice, has arranged his affairs so that he can devote all of his time to the campaign. He plans a whirl-wind trip over the district and will speak in all towns.

Stressing stability for agriculture, economy in government and the need for curtailing federal encroachment in local affairs, Mr. Rogers plans to outline his views to the voters of the area. He is opposed to federal aid to education, saying if Texas retains its tide-lands it has no need for federal school aid, and is outspoken against socialized medicine. He believes that capital and

labor should settle their own disputes with the government in the role only of an arbiter.

In planning the kick-off barbecue Sheriff Kyle said this event "is to be my treat." As a peace officer when Mr. Rogers was district attorney, Sheriff Kyle is an ardent admirer of the congressional candidate.

"I've seen him on the job, know what he can do," said the sheriff. "Only 3 acquittals during two terms as district attorney is something in my books; I want the other peace officers to know Walter Rogers. That's why I'm giving the barbecue as his campaign opening."

Mr. and Mrs. Rogers were married in 1936, shortly after he moved to Pampa from East Texas. They have 6 children, 3 of whom are in the Scouts. Mr. Rogers is 41 years old.

## GOT HIS NUMBER

The bus was full but a large lady elbowed her way in.

Lady: "Two tickets, please. One for me and one for my husband outside."

Conductor: "Can't your husband get his own ticket. How am I to know which is your husband?"

Lady: "Impudence! I shall complain to the company."

Conductor: "Calm yourself, madam. I can imagine what your husband is like."

## IMPORTANT INFORMATION

Little girl (on a transcontinental train): "Mama, what's the name of the last station we stopped at?"

Mother: "Don't bother me. Can't you see I'm reading? Why do you ask?"

"Little girl: "Because brother got off there."

## NEXT QUESTION

Village Constable (to motorists in head-on collision): "Now, gentlemen, I want to know which of your two cars hit the other first."

## Quick-As-A Bunny Service

- Enjoy Easter Dinner Here
- Delicious Food
- Pleasant Atmosphere

## Chuck Wagon Cafe

## WHEN WORDS FAIL

Son: "What does the word 'chauffeur' mean?"

Father: "That is the name given to the driver of a motor car."

Son (after a moment's thought): "That was not the name you gave to the driver of the car that nearly ran over you yesterday."

Mrs. du Pont tops women's tennis rankings for 1949.

## RECLASSIFIED

Judge: "Rastus, do you realize that by leaving your wife you are a deserter?"

Rastus: "Judge, if you know'd that woman like I does you wouldn't call me a deserter. Ise a refugee."

Leopold Infeld, Canadian mathematician: "My brain holds no secrets . . . My field is relativity and that never killed anyone."

# 36,000 Telephone People Will Get Raises This Year

Telephone rate increases so far in this state have lagged far behind rising operating costs and have even failed to cover the current cost of wage increases already granted.

This has been a big factor in pulling down the company's rate of earnings to the lowest level in its history.

Obviously, any further increase in wages beyond those already provided in existing contracts, will have to come from pockets of telephone customers.

Under existing contracts, which the company has offered to continue, 36,000, or three out of every four telephone people, will get raises this year. Averaged over all employees, these raises will amount to \$2 a week per employee.

Unlike most industries where an employee must wait for a vacancy to get a higher-paid job, telephone people receive regular, scheduled raises from the day they start until they reach the top rate for their jobs.

Basic wage rate increases have more than kept pace with increased costs of living. Since January, 1941, telephone wages have gone up 94 per cent . . . while the cost of living has increased only 66 per cent in the same period.

The company's Benefit and Pension Plan, long recognized as one of the best, was improved in November to provide pensions of at least \$100 a month, including social security, at age 65 after 20 years' service. Actually, many employees will get substantially more.

The Plan also includes liberal sickness benefits—up to a year's full pay depending on length of service—plus disability, accident, and death benefits of as much as a year's pay. The plan doesn't cost employees a dime.

Telephone people enjoy one to three weeks' paid vacation. Also, they get seven holidays a year with pay.

## HOW DO THESE EARNINGS LOOK TO YOU?

The real test of telephone wages is how they compare with those paid in the same communities for jobs requiring similar skill and experience. Here are average weekly and annual earnings of telephone people.

Fully experienced Plant Craftsmen . . . . . \$75 \$3,915  
(Such as Repairmen) A Week A Year

Plant craftsmen with five years' service: \$61 a week, or \$3,154 a year. One year's service: \$42 a week, or \$2,192 a year.

Fully experienced Operators . . . . . \$45 \$2,349  
A Week A Year

Operators with five years' service: \$42 a week, or \$2,192 a year. One year's service: \$38 a week, or \$1,983 a year.

Fully experienced Business Office Women . \$47 \$2,453  
(Service Representatives) A Week A Year

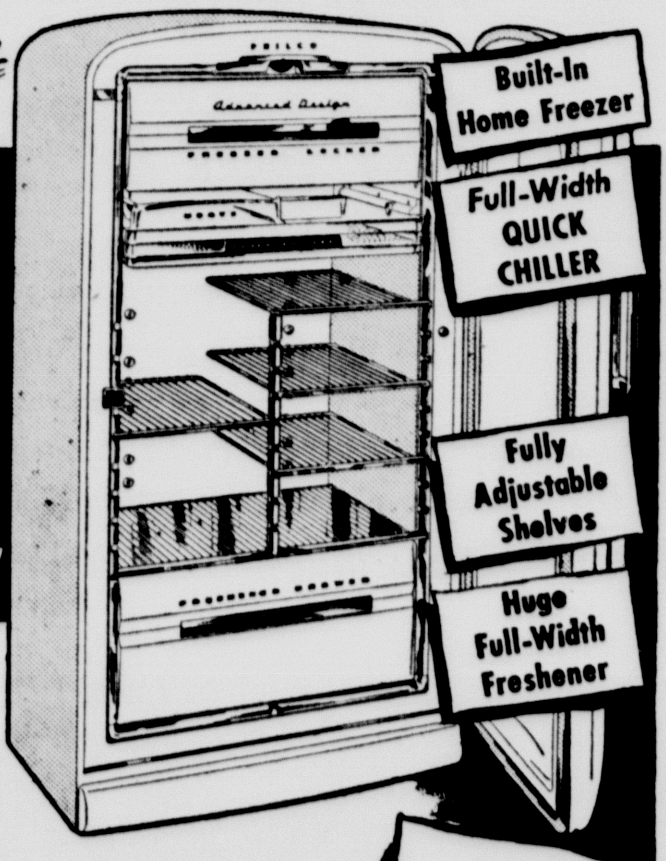

Business Office women with five years' service: \$44 a week, or \$2,297 a year. One year's service: \$37 a week, or \$1,931 a year.

The above figures include basic wages for a 40-hour week plus extra pay for overtime, night, Sunday, and holiday work.

## Brand New—Big Value 9.6 cu. ft. PHILCO Refrigerator

**MARTHA OLSON HOSTESS TO ZITA H. D. CLUB**

The Zita Home Demonstration Club met in the home of Martha Olson Tuesday, March 28. The group sang "Home Sweet Home" and read "Our Daily Creed" from the year book. The fourteen members present answered roll call with "Repairs Needed in My Home."

After the business session the following program was introduced by Dorothy Olson, program chairman: "How to Get the Most Out of Your Lawn Mower," Dorothy Olson; "How to for the Handy Man," Jaunita Gruner. Geneva Fulton then led the

group in several games and each member exchanged white elephant gifts with another member.

Refreshments of cake and coffee were served to the following: Dean Angel, Geneva Fulton, Jaunita Gruner, Mary Gruner, Ila Jennings, Donabell McCormick, Ethel Michael, Dorothy Olson, Ester Olson, La Vada Rose, Monte Rockwell, Helen Ruthardt, Helen Truax and the three children present.

**SUNNY HILL H. D. CLUB HAS COME-AS-YOU-ARE BREAKFAST**

Mrs. E. W. Miller was hostess to a "Come-As-You-Are" breakfast on Saturday, April 1, for members of the Sunny Hill Home Demonstration Club.

A short business meeting was presided over by the president, Mrs. Bonnie Gist. The By-Laws were changed a little.

A delicious breakfast was served to Mrs. R. B. Gist, Jr., Mrs. S. L. Robinson, Mrs. Mary Williams, Mrs. Lawrence Moore, Mrs. Everett Culp, Mrs. Lester Knox, Miss Lou Ella Patterson, Mrs. Everett Evans, Mrs. M. R. Miller, Mrs. Orva Henry and the hostess.

**THE "49'ERS" SQUARE DANCE CLUB HOSTS TO OUT-TOWNERS**

The "49'ers" Square Dance Club members were hosts at a party Wednesday night at Samuelson Hall.

Callers from Amarillo and Tulia assisted the local members in calling square and couple dances.

Refreshments were served by the hosts to the following guests: Mr. and Mrs. Charles Dye, Mr. and Mrs. W. B. Dye of Hereford; Mr. and Mrs. W. A. Doan, Jr., Mr. and Mrs. Cline Todd, Mr. and Mrs. Jack Todd, Mr. and Mrs. H. T. Miller, Jr., Mr. and Mrs. Glen Nelson, Mr. and Mrs. Floyd Evans, Mr. and Mrs. W. K. Hulsey, Mr. and Mrs. Earl Crosby of Tulia.

Mr. and Mrs. G. L. Hockenbery, Mr. and Mrs. Jess Sparkman, Mr.

**Spring Wedding Plans Announced**

MISS DOROTHY GAFFORD

Mrs. Bertha Gafford announces the engagement and approaching marriage of her daughter, Dorothy Mae, to Mr. John Bell, Jr., son of Mr. and Mrs. John Bell, Sr., of Canyon. The ceremony will be read May 7 at the Church of Christ.

and Mrs. D. L. Johnson, Mr. and Mrs. W. F. Wirtz of Amarillo.

Mr. and Mrs. L. G. Airhart, Mr. and Mrs. Roy Montgomery, Mr. and Mrs. Jack Louder of Happy; Mr. and Mrs. Glenn Reeve, Friona; Mr. and Mrs. Bennie Hickman, Borger.

Mr. and Mrs. E. A. Wooten, Mr. and Mrs. Marion Keller, Mr. and Mrs. J. D. Pruitt, Mr. and Mrs. J. W. Pain, Mr. and Mrs. Joe Currie, Mr. and Mrs. C. F. Hollabaugh of Canyon.

**SANE CONCLUSION**

Eminent foreign psychiatrists were being taken around a French insane asylum. In the corridor they met one of the patients.

"Why," one of the specialists asked him, "do you remain huddled up in this corner all alone, scratching yourself?"

"Because," replied the madman, "I am the only person in the world who knows where I itch."

German Communists push offensive against Allies in Ruhr.

**FAINT HOPE**

"Why did you make such a long speech?" said the brutally frank reporter. "You really didn't have anything to say."

"I know it," replied the political candidate, "but I hoped that if I kept on talking I might think of something."

**MAKE TRACKS**

Gypsy Truck Driver (Alias Lead-foot Pete): "What's your speed limit?"

Local Native (Tennessee Mill Country): "Ain't got none! You fellers can't go through here too fast to suit us."

U. S. foreign-policy planners have have started to wonder whether this country made a wise move, over the longer range, in seeking to buy friends around the world with dollars. There is doubt that some important friends will remain very loyal after it becomes necessary to cut down on the dollar handouts. Friends then might not stay bought.

Come in today and see this sensational engine that gets more energy out of every drop of fuel!

**PALO DURO MOTOR CO.**

104 23rd. Street  
CANYON, TEXAS

This is the story of a historic bell, told by Harry Putnam of the Cuero Record:

The bell originally was used on the steamer Reliance to sound the hours and to herald the approach of the little vessel into the harbor. It was in the summer of 1856 that the Reliance glided into the port of Indianola, then a thriving city on the Gulf coast of Texas. That night, fire broke out aboard the ship and it was destroyed, the bell going down with the charred hulk.

Lutherans of Indianola obtained permission from the ship's owners to try to salvage the bell, which was done, and it was placed in the steeple of the Lutheran Church.

In 1864, three Union gunboats bombarded Indianola and captured the city. Supplies were seized and soldiers climbed into the belfry and tossed the bell to the ground. Then it was carried to the beach to be shipped north to be made into bullets.

But, that night, members of the congregation, after obtaining permission from their pastor, slipped down to the beach, loaded the bell on a wheelbarrow, pushed it to a wagon and, after a journey, it was buried under the sand.

A terrible storm swept down on Indianola in 1875 and, when a second disaster struck in 1886, the survivors decided to move inland and Indianola was abandoned. Many went to Cuero and when the Lutheran congregation built a church and it was found there was not enough money with which to buy a bell, George Wasserman told of helping to bury the bell 25 years before and offered to act as guide in its recovery. He led a party to

the spot and the bell was dug up, and found to be only slightly tarnished.

It was placed in the steeple of Saint Mark's Church, where it remained until 1894 when a member presented the church with a larger bell and the old one was used by the Cuero volunteer fire department. New equipment was installed in 1913 and the bell was consigned to the scrap heap.

Here it was discovered, some years later, by Joe Pannen, a member of the congregation. At his suggestion it was returned to the church as a gift and the old bell hangs in the steeple of the handsome Saint Mark's Lutheran Church.

#### BIRTHDAY PARTY HONORS PAT AND MIKE O'CONNOR

To celebrate Pat's third birthday and Mike's fourth birthday, Mr. and Mrs. Dan O'Connor entertained recently with a party.

The rooms were decorated with pastel shades of crepe paper and balloons.

Two movies "The Adventures of Bunny Rabbit" and "The Twin Bears" were shown. After the movies the little guests threw bean bags into a clown's mouth and Joy Cox won the prize for locating the tail on the Easter rabbit.

The two little hosts sat at either end of the refreshment table, each having his own birthday cake. Place cards were on lollipops which were stuck in individual cakes to indicate each little guest's place. Ice cream, cake and decorated candy Easter eggs were served. Favors were rubber balls, balloons, and paperhats.

Guests were: Suzanne and Dickie Kieselbach, Billy Moore, Ken Crossland, Jan, Jill, Kay, and Bill Jarnagin, Karen Stoelzing, Robert Devin, Judy Britt, Steve and Jimmy Crowell, Steve and Linda Burgess, Joy and Janice Cox, Billy Walker, Davis and Rebecca Price, Bobby Haggard, and Mike and Pat.

Mothers and other guests who called were: Mrs. Aubrey Crossland, Mrs. Borden Price, Mrs. Otis Crowell, Mrs. Clark Jarnagin, Mrs. Lewis Stoelzing, Mrs. Wm. A. Moore, Mrs. Jack Walker, Mrs. Leonard Britt, Mrs. Lloyd Devin, Mr. and Mrs. Al Kieselbach, Mrs. Dan Sanders, Mrs. Ethel Shaw, Dr. B. F. Fronabarger, Mrs. Erdman, and Mrs. Loula G. Erdman.

Those sending gifts were Miss Helen White Moore and Dr. Mattie S. Mack.

#### KEEP IT FRESH

The retired spark plug manufacturer took a group of his cronies on a wild boar hunt down on the plains of middle Tennessee. Arriving at the scene of the hunt they were fortunate in securing the services of an old hunting guide. That night around the campfire, the old guide regaled them with stories. "I ain't impressed," he said, "with any of them tales about people hittin' game from a triffin' 300 or 400 yards. Le'mme tell you about the day I was moochin' along a mountain trail when these here telescope eyes of mine spotted a buck. I rammed a charge down the barrel of my gun, then some wadding and a couple of ounces of salt. I shoved a bullet in on top of that. Then I let go! BANG—and the buck dropped dead in his tracks.

One of the party asked, "What in thunder was your idea of putting salt in your gun?"

"Shucks," answered the old geezer, "That deer was so far off I had to do something to keep the meat from spoilin' until I could git thar."

#### MOVING BUSINESS

Anxious to buck up business, the proprietor of a large store engaged an "efficiency expert" whose chief delight was changing the department's around.

One day a section would be at the top of the building; the next it would be in the basement or elsewhere the restaurant used to be. After three weeks of this an old lady approached a worried-looking shop-walker and asked if he could tell her where the kitchen utensils were.

"No, madam," he replied wearily; "but if you stand here for a few minutes, I'm sure you'll see it go by."

#### CORPORAL PUNISHMENT?

Private: "An MP just hanged himself, Sarge."

Sarge: "Holy smoke! Have you cut him down?"

Private: "No, he ain't dead yet."

#### MRS. WESTER HOSTESS TO EDGETOWN H. C. CLUB

Mrs. W. I. Wester was hostess on March 24 to members of the Edgetown Home Demonstration Club. "America" and "Song of Peace" were sung by the group.

Mrs. T. T. Fain presided in the absence of the president, Mrs. J. C. Dowd. Mrs. J. H. Wright, secretary called the roll and members answered by a needed repair in the home.

It was voted to start meetings at 2:30 o'clock instead of 3 o'clock at the regular meetings. The program was presented by Mrs. Fain, Mrs. J. I. Payton, and Mrs. Wester.

The hostess served chicken sandwiches, coffee and cakes and Easter favors to Mrs. M. E. Sogree, Mrs. W. H. Sparks, Mrs. T. T. Fain, Mrs. Jeanette Robbins, Mrs. Payton, Mrs. Curtis, Mrs. A. W. Cunningham, Mrs. C. H. Stratton, Mrs. E. C. Penick, Mrs. Ralph Forrester, Mrs. C. Anderson, Mrs. L. B. Lakin and a visitor, Miss Columbia Redfearn.

#### LEVELER!

There was once a mighty king who bestowed a princely reward upon every barber who gave him a good shave. But if the barber drew so much as one drop of blood from him, he had the unfortunate man beheaded.

One day a new barber gave the king a most excellent shave, and received his rich reward.

"Were you nervous for fear you'd cut me!" the king asked.

"No, Your Majesty," he replied; "for if I had drawn a drop of blood from you, you would never have lived to raise an alarm—I would have slit your throat from ear to ear!"

Moral: The power of the world's mightiest man ends at the edge of a razor—or the end of a gun!

The fact that the State Department admits finding and dismissing 91 homosexuals from its staff of employees is complicating the political problems of that Department. Republicans are getting strongly armed for political attack in the November elections.

#### News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of April 2, 1925)

The Presbyterian Church has started construction on a new building. Rev. W. C. Kunze, the pastor, has been working with members of the church for some time on plans for the building.

The Arkansas Hotel burned yesterday. It was a landmark in Canyon, located on the corner east of the Thompson Warehouse.

O. W. H. Cook, president of the Chamber of Commerce, has outlined a constructive program of work for the Chamber during the coming year.

L. E. Cearley, E. Burroughs and John Knight have entered the Panhandle checker tournament.

Commissioner W. E. Bennett states that a petition is being circulated for a \$30,000 road bond issue for precinct No. 4. The money would be used on country roads, and not on the state highway.

For three successive Saturdays fire has broken out in the gasoline extractor of a local cleaning plant.

George Frank and a long list of farmers of Randall county have petitioned for an election to be held invoking a stock law in Randall county. The election is called for April 13.

Mr. Truman, while backing Dean Acheson, Secretary of State, with verbal support after the Secretary had taken heavy punishment from Republicans in Congress, is nevertheless hearing criticism of Mr. Acheson for the statement he made asserting that he did not intend to turn his back on Alger Hiss. The President has been told that this statement was politically inept and underlies many of the Acheson troubles.
